(57) **CLAIM**

The ornamental design for a cable identifier, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the cable identifier of the present in use;  
FIG. 2 is a perspective view of the cable identifier of the present invention;  
FIG. 3 is a side view of the cable identifier of the present invention, the opposite side view being a mirror image thereof;  
FIG. 4 is a front view of the cable identifier of the present invention, the back view being a mirror image thereof; and,  
FIG. 5 is a top view of the cable identifier of the present invention, the bottom view being a mirror image thereof.  
The broken lines in the figures illustrate unclaimed environment only and form no part of the claimed design.
