(57) **CLAIM**

The ornamental design for an illuminated skateboard deck, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, right side perspective view of a skateboard deck showing a first embodiment of our new design.

FIG. 2 is a top plan view thereof.

FIG. 3 is a bottom plan view thereof.

FIG. 4 is a left side plan view thereof, the right side being a mirror image thereof.

FIG. 5 is a front plan view thereof.

FIG. 6 is a back plan view thereof.

FIG. 7 is a top, front, right side perspective view of a skateboard deck showing a second embodiment of new design.

FIG. 8 is a bottom, front, left side perspective view thereof.

FIG. 9 is a top plan view thereof.

FIG. 10 is a bottom plan view thereof.

FIG. 11 is a left side plan view thereof, the right side being a mirror image thereof.

FIG. 12 is a front plan view thereof; and,

FIG. 13 is a back plan view thereof.

The dotted lines in FIGS. 1-4 and 7-10 showing the wheels, their support trucks and fastening bolts are included for the purpose of illustrating portions of the skateboard that form no part of the claimed design. The pairs of evenly spaced apart 45 degree angled shading degree lines in all of the figures are intended to indicate translucency which does form part of the claimed design. It shall be noted that in the embodiment of FIGS. 1-6, the translucency line are not shown on the channels to indicate these structures are not entirely translucent. The curved shading lines in FIGS. 1-3 and 7-10, and the straight shading lines in FIGS. 4-6, 9, and 14-13 in the drawing represent the three-dimensional contour(s) of the design, and are not intended to indicate surface decoration. The stippling in FIGS. 1-2 are intended to show a roughened texture entirely covering the top surface of the deck bordered by a smooth, non-roughened texture, convexly curved surface beyond the periphery of the top surface where it transitions to the curved front, back and sides of the deck. The roughened surface does form a part of the claimed design.

1 Claim, 7 Drawing Sheets
