(57) **CLAIM**

The ornamental design for a color dispensing machine, as shown and described.

**DESCRIPTION**

FIG. 1 illustrates the color dispensing machine in a perspective view;

FIG. 2 illustrates the color dispensing machine in a perspective view with both upper doors open;

FIG. 3 illustrates the color dispensing machine in front view;

FIG. 4 illustrates the color dispensing machine in rear view;

FIG. 5 illustrates the color dispensing machine in right side view;

FIG. 6 illustrates the color dispensing machine in left side view;

FIG. 7 illustrates the color dispensing machine in top view;

FIG. 8 illustrates the color dispensing machine in bottom view;

FIG. 9 illustrates the color dispensing machine in perspective view with the right upper door open;

FIG. 10 illustrates the color dispensing machine in front view with the right upper door open;

FIG. 11 illustrates the color dispensing machine in top view with the right upper door open; and,

FIG. 12 illustrates the color dispensing machine in top view with the upper doors removed.

The broken-line disclosure represents unclaimed portions of the article in which the claimed design is embodied.
