(57) **CLAIM**

The ornamental design for a display package having intermittent peripheral welds, as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view showing our new design; FIG. 2 is a front perspective view thereof; FIG. 3 is a rear plan view thereof; FIG. 4 is a right side elevation view thereof; FIG. 5 is a top end view thereof; FIG. 6 is a bottom end view thereof; FIG. 7 is a front plan view thereof; and, FIG. 8 is a left side elevation view thereof.

All of the material from the provisional U.S. utility patent application that is essential to the claimed design is included herein. Any material in the provisional utility application that is not present herein forms no part of the claimed design.

The present application relates to, and incorporates herein by reference, a utility provisional patent application filed by the applicants herein, Application Ser. No. 61/533,249, filed Sep. 11, 2011.

The broken lines in the drawings depict unclaimed environment.
