(57) **CLAIM**

The ornamental design for a modular planter, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of first embodiment of a modular planter showing my new design;
FIG. 2 is a front perspective view thereof, shown at an enlarged scale;
FIG. 3 is a front elevation view thereof, the back elevation view being a mirror image thereof;
FIG. 4 is a side elevation view thereof, the opposite side elevation view being a mirror image thereof;
FIG. 5 is a top plan view thereof, the bottom plan view being a mirror image thereof;
FIG. 6 is a front perspective view of a second embodiment of a modular planter showing my new design;
FIG. 7 is a front, bottom, side perspective view thereof;
FIG. 8 is a rear, top, opposite side perspective view thereof;
FIG. 9 is a front perspective view of the first embodiment, shown in an environment of use; and,
FIG. 10 is a front perspective view of the second embodiment shown in an environment of use.

The broken lines in FIGS. 9 and 10 depict environmental subject matter only and form no part of the claimed design. The circles on the sides of each of the embodiments represent hollow cavities for the placement of cylindrical pins to secure multiple modules together. Such pins form no part of the claimed design.
