(57) **CLAIM**

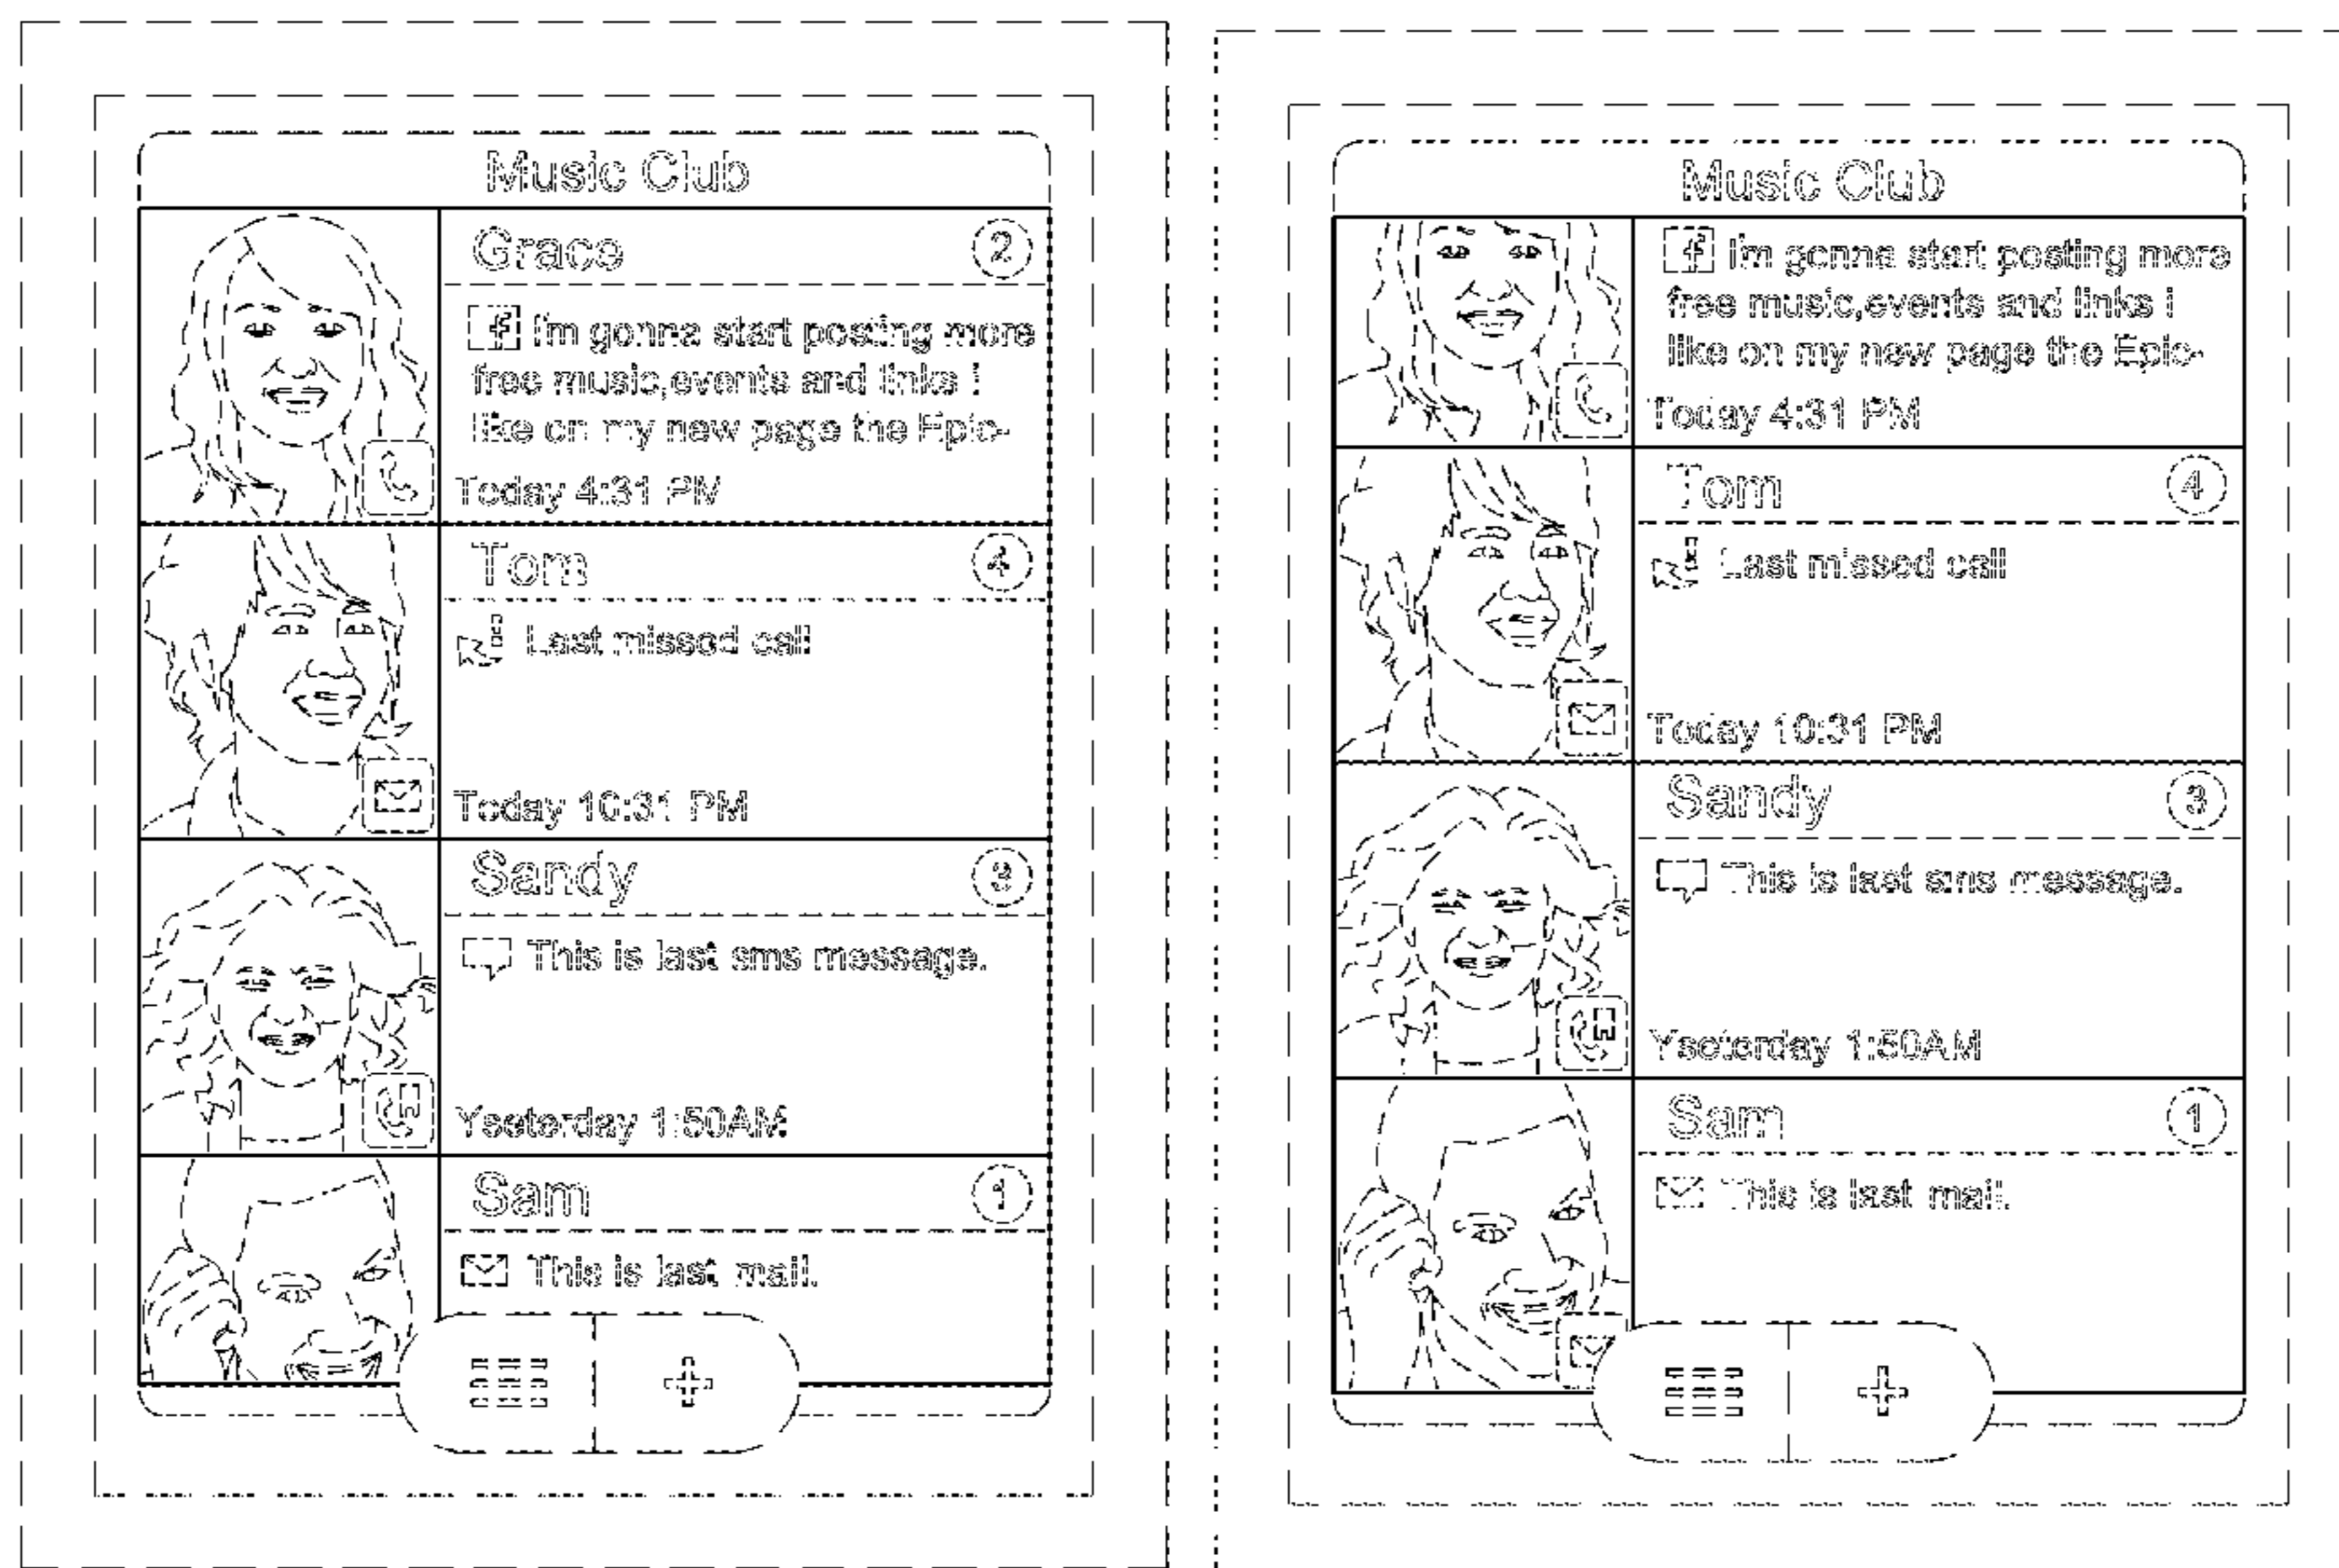

The ornamental design for a display screen with graphic user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the display screen with graphic user interface in a first appearance state; FIG. 2 is a front view of the display screen with graphic user interface in a second appearance state; and, FIG. 3 is a front view of the display screen with graphic user interface in a third appearance state.

The broken line showing of portions of the display screen with graphical user interface and the broken line showing of the display screen illustrate unclaimed environment and form no part of the claimed design. The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design.

1 Claim, 3 Drawing Sheets

FIG. 1

FIG. 2

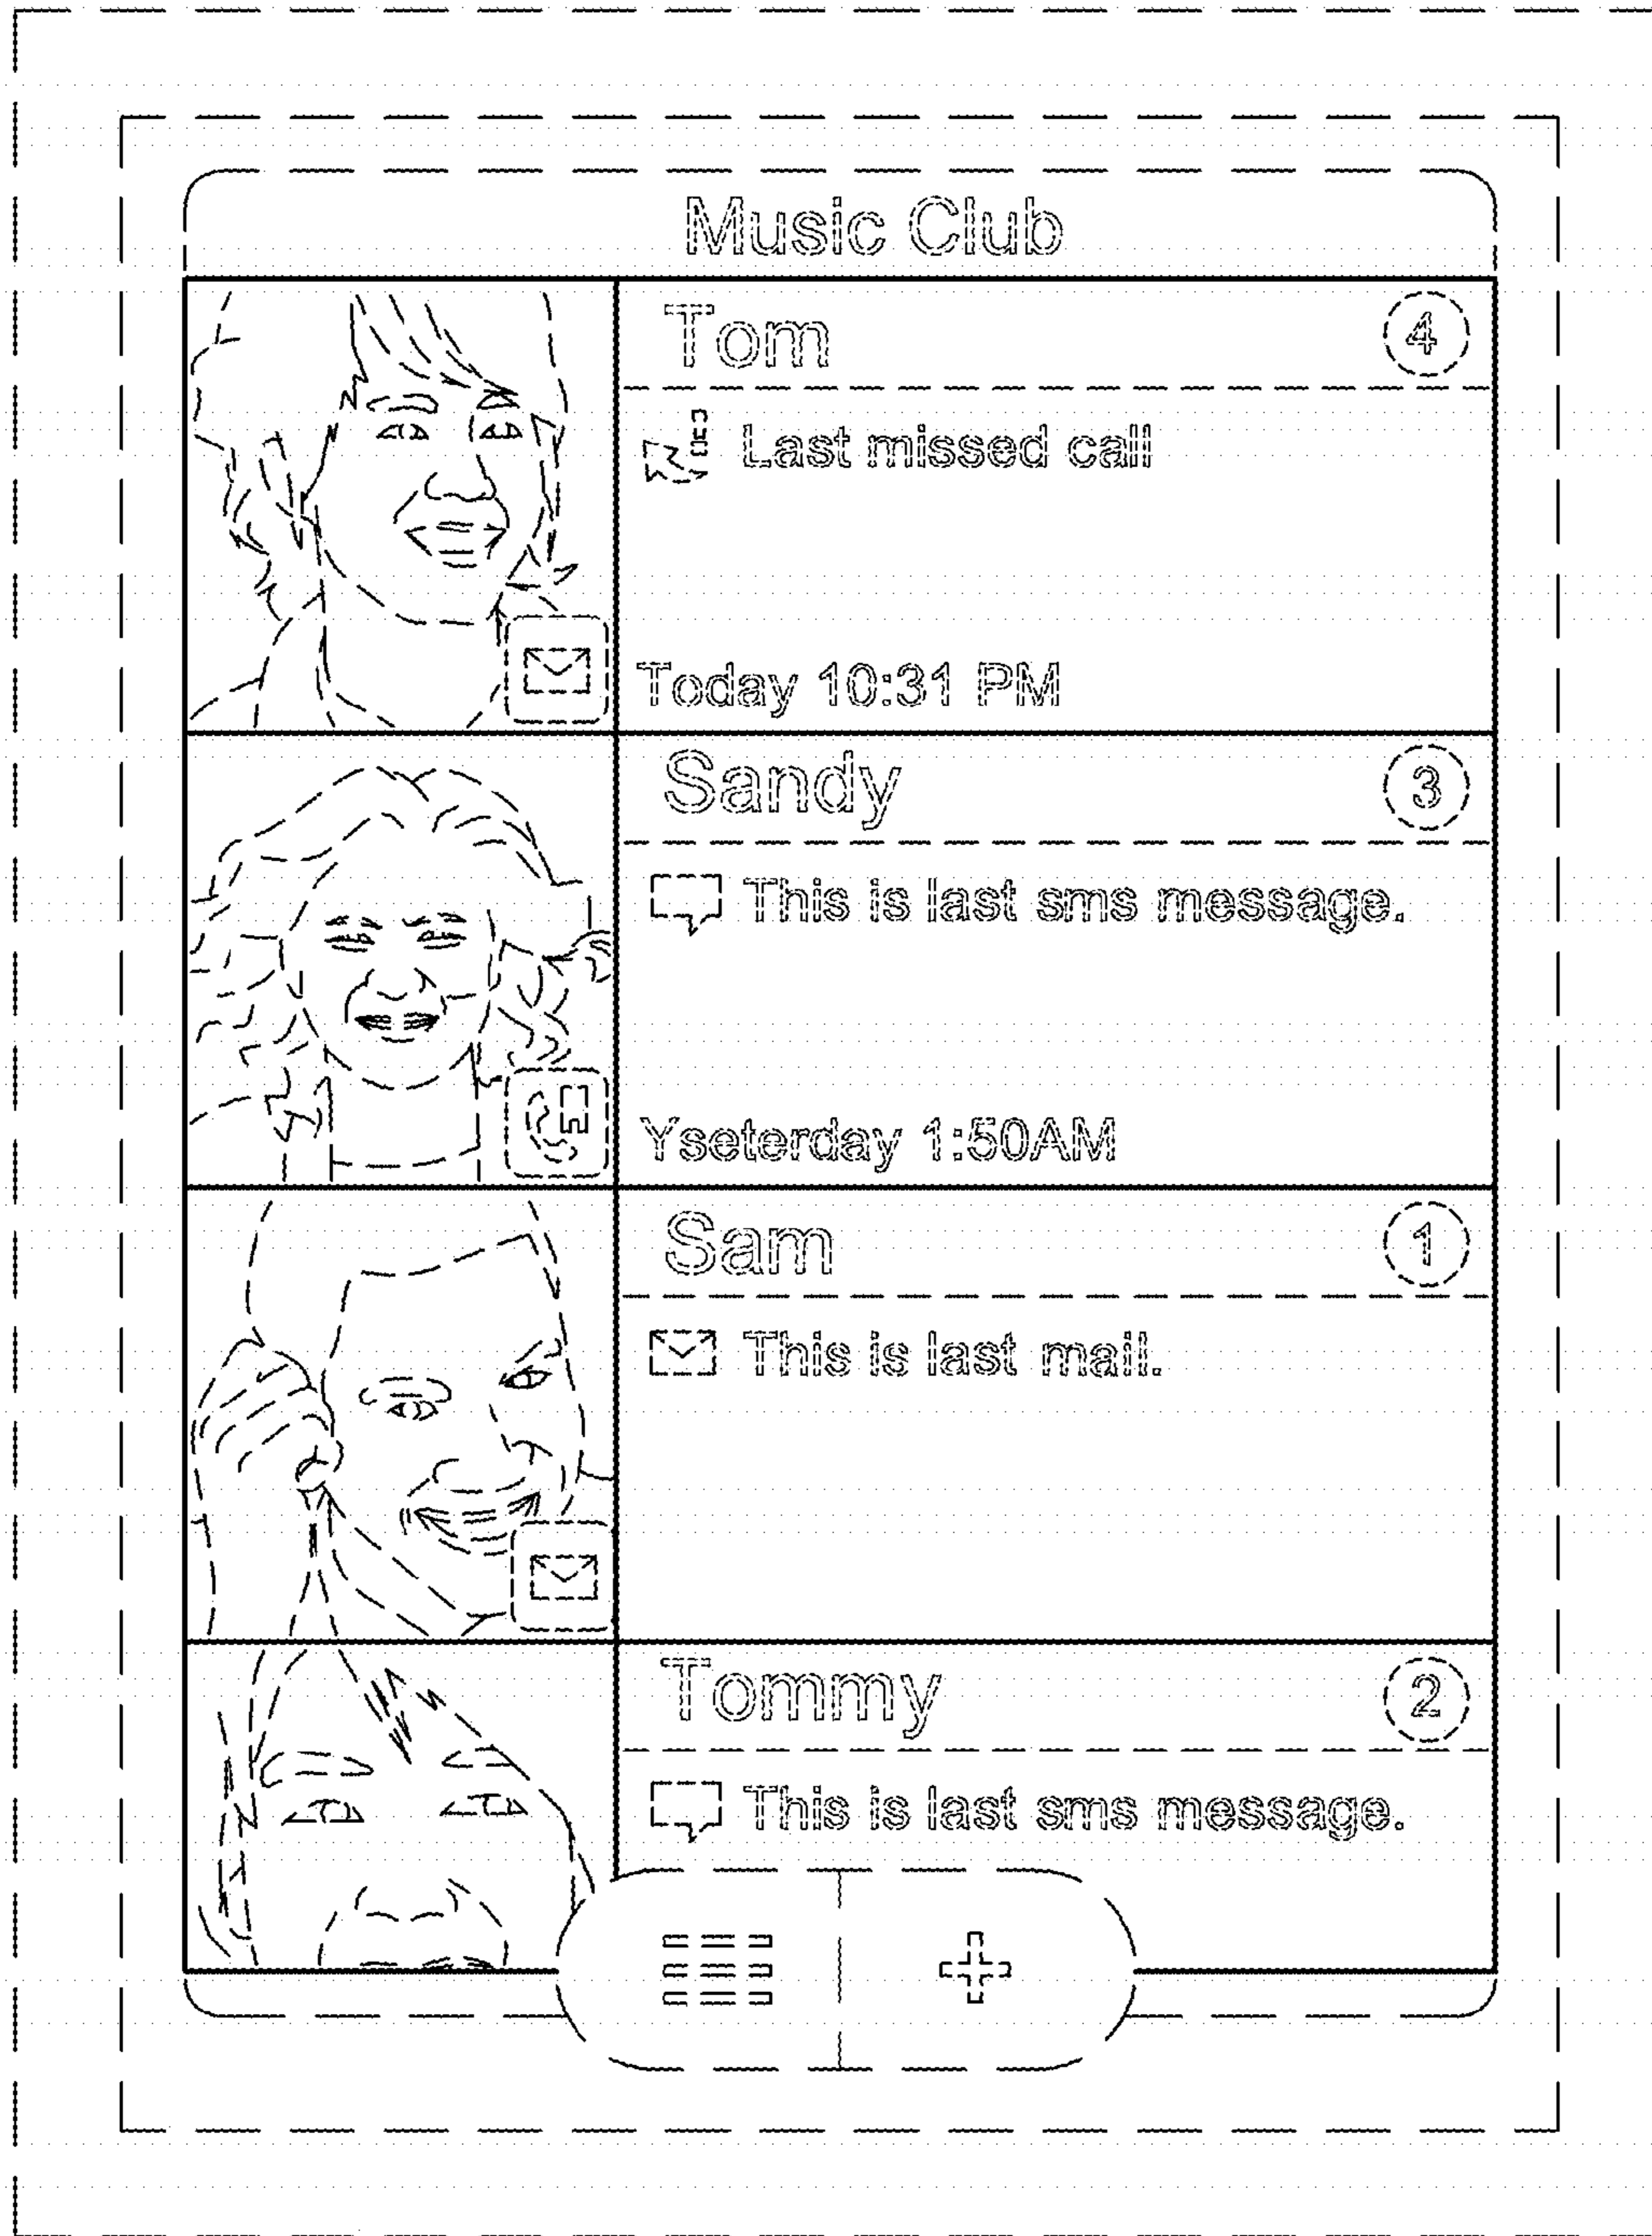

FIG. 3
