(57) **CLAIM**

The ornamental design for a display screen with an animated
dial for a wireless communication device, as shown and
described.

DESCRIPTION

FIG. 1 is a front view of a display screen with an animated dial
for a wireless communication device showing a first image in
the sequence for the animated dial showing our new design;
FIG. 2 is a front view showing the second image thereof;
FIG. 3 is a front view showing the third image thereof; and,
FIG. 4 is the first image of the display screen with an animated
dial for a wireless communication device shown in a position
of use on a wireless communication device drawn in broken
lines. The broken lines form no part of the claimed design.
The appearance of the claimed design sequentially transitions
between the images shown in FIGS. 1-3. The process or
period in which one image transitions to another forms no part
of the claimed design.
