(57) **CLAIM**

We claim the ornamental design for a game bag which is removably attachable to a jacket, as shown and described.

**DESCRIPTION**

FIG. 1 is an exploded rear view of the game bag according to our design showing the game bag removed from a jacket on which the game bag is removably attached and showing the game bag in a closed position;

FIG. 2 is an exploded perspective view of the game bag according to our design showing the game bag removed from a jacket on which the game bag is removably attached and showing the game bag in a closed position;

FIG. 3 is a front view of the game bag according to our design showing the game bag attached to a jacket and showing the game bag in a closed position;

FIG. 4 is a front view of the game bag according to our design showing the game bag in a closed position;

FIG. 5 is a rear view of the game bag according to our design showing the game bag in a closed position;

FIG. 6 is a right side view of the game bag according to our design showing the game bag in a closed position;

FIG. 7 is a left side view of the game bag according to our design showing the game bag in a closed position;

FIG. 8 is a top plan view of the game bag according to our design showing the game bag in a closed position;

FIG. 9 is a bottom plan view of the game bag according to our design showing the game bag in a closed position; and,

FIG. 10 is a perspective view of the game bag according to our design showing the game bag in an open position.

The broken lines showing in FIGS. 1-3 are for illustrative purposes only to show the environment, namely a jacket, on which the game bag is removably attached, and forms no part of the claimed design.
