(57) **CLAIM**

The ornamental design for a portable personal storage device with swiveling USB connector, as shown and described.

DESCRIPTION

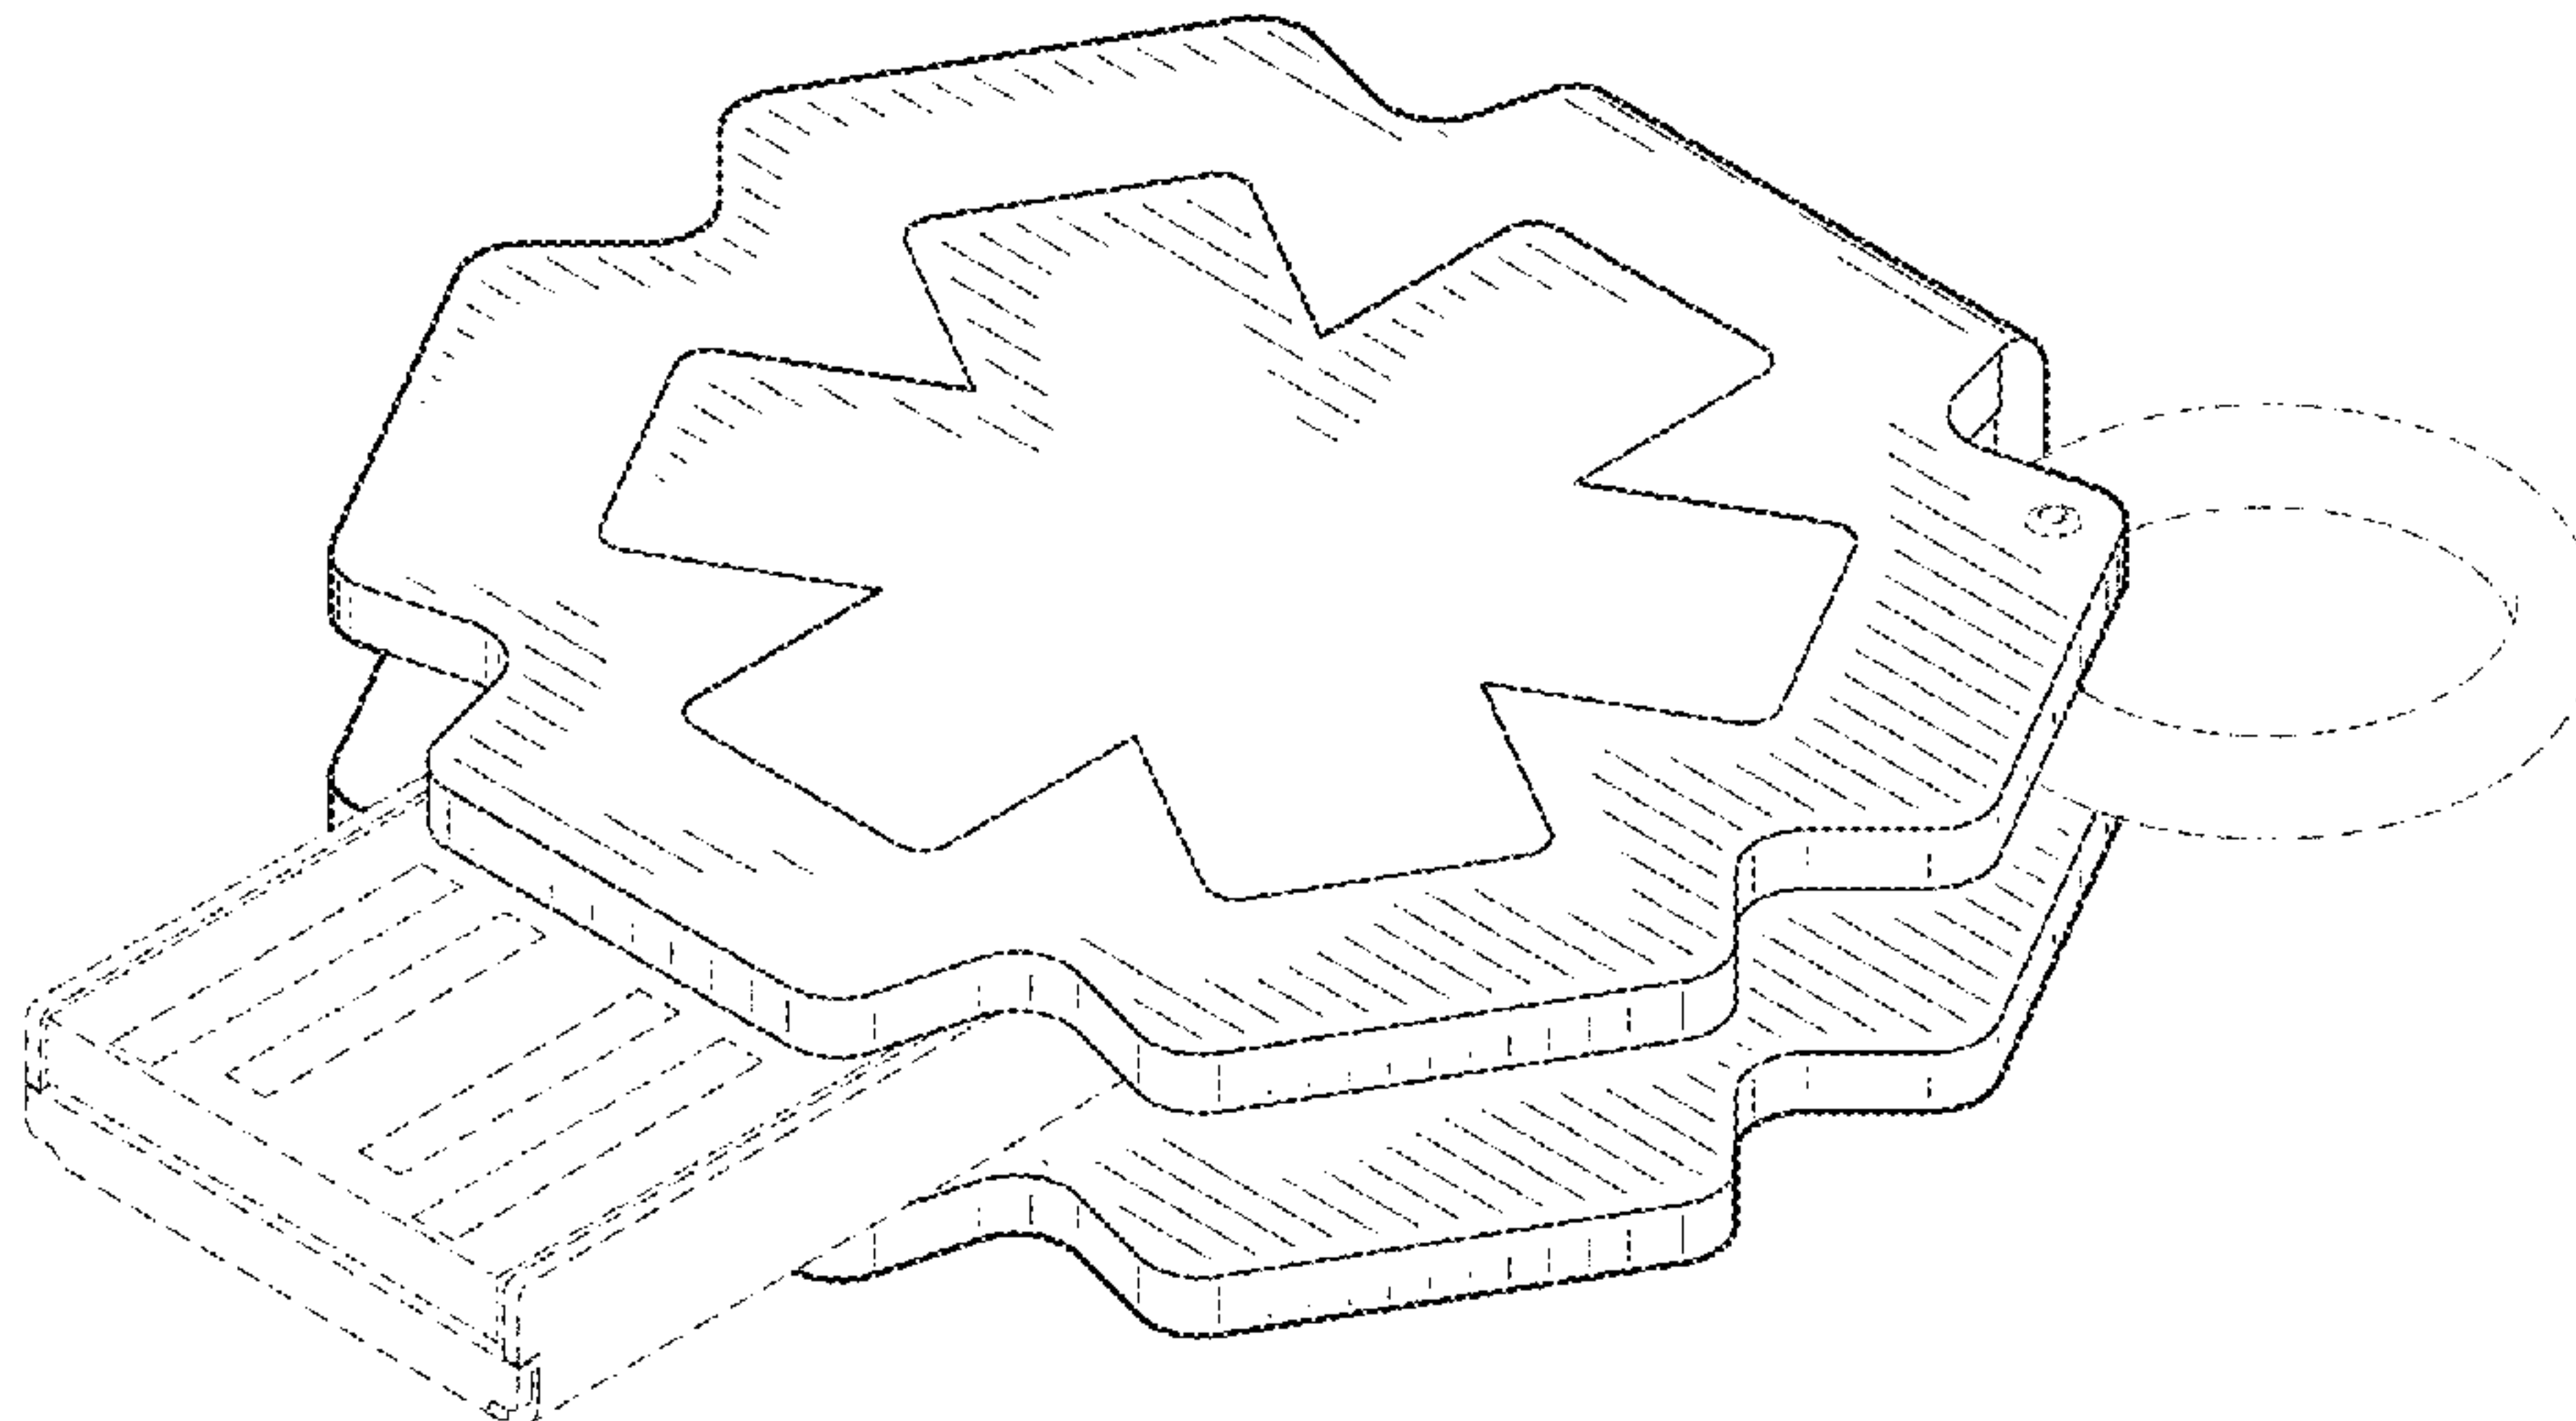

FIG. 1 is a top, left, front perspective view showing a portable personal storage device with a swiveling universal serial bus (USB) connector according to an illustrated embodiment of the invention;

FIG. 2 is a top plan view showing the portable personal storage device with the swiveling USB connector of FIG. 1; FIG. 3 is a front elevational view showing the portable personal storage device with the swiveling USB connector of FIG. 1;

FIG. 4 is a right side elevational view showing the portable storage device with the swiveling USB connector of FIG. 1; and,

FIG. 5 is a bottom plan view showing the portable personal storage device with the swiveling USB connector of FIG. 1. The broken line showings of the USB connector and key ring in the figures are for the purpose of illustrating portions of the portable personal storage device with swiveling USB connector and form no part of the claimed design.
