(57) **CLAIM**

The ornamental design for a medical compress, as shown and described.

DESCRIPTION

FIG. 1 is a side perspective view of a medical compress showing our new design;

FIG. 2 is an interior plan view of a medical compress showing our new design, shown in an open configuration;

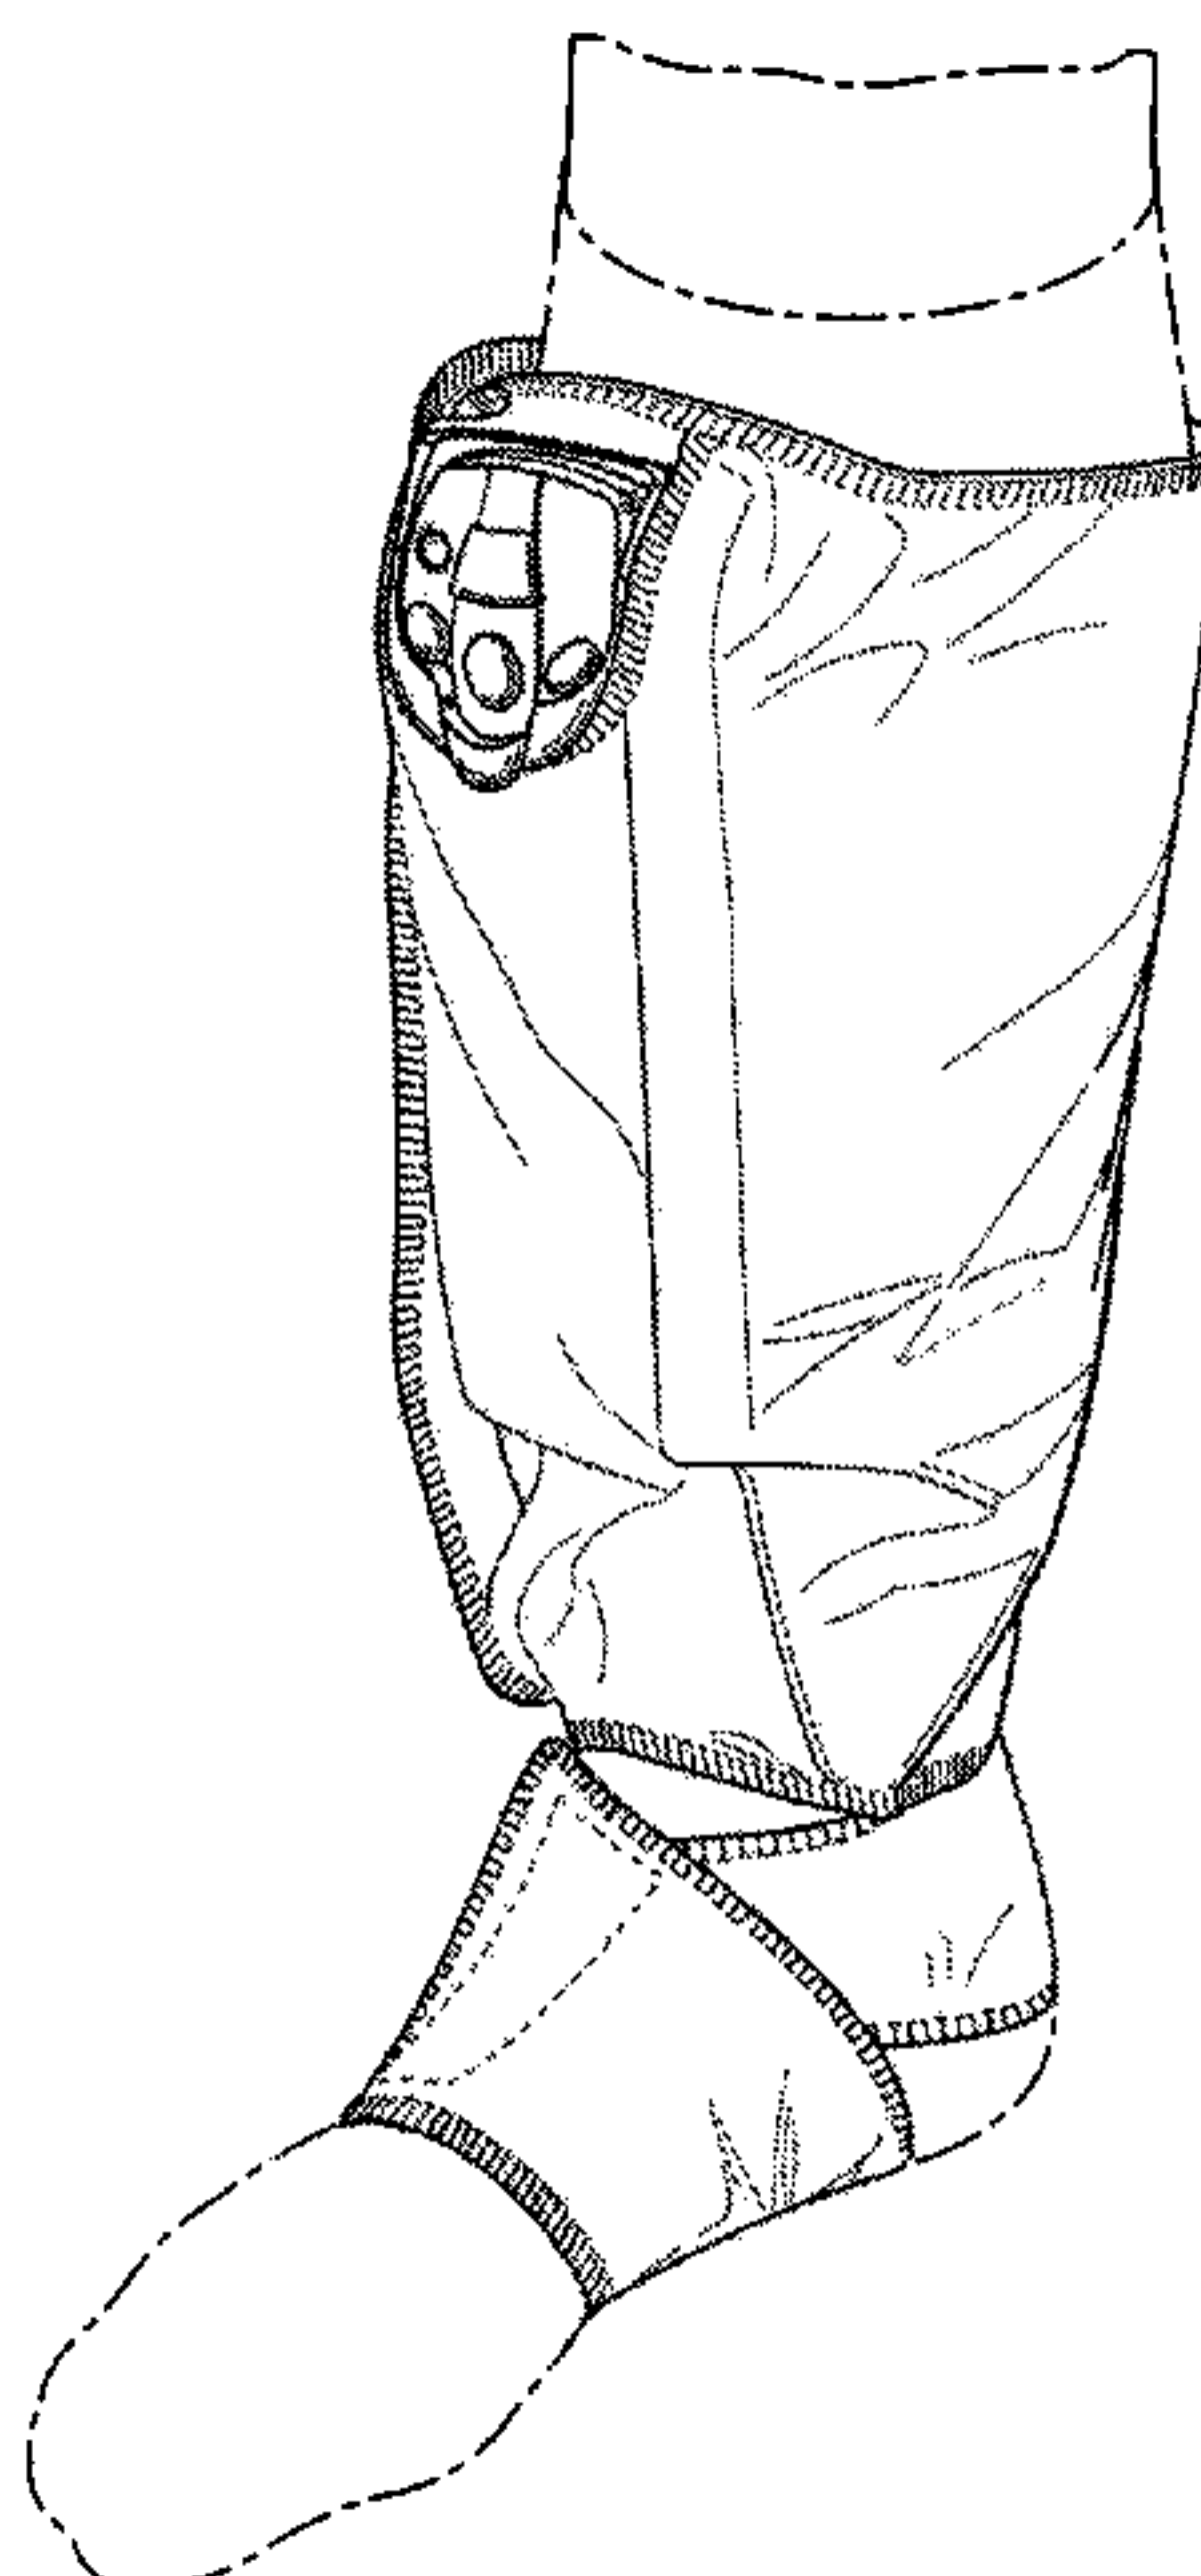

FIG. 3 is an opposite side perspective view of a medical compress showing our new design; and,

FIG. 4 is a front perspective view of a medical compress showing our new design.

The broken lines showing a partial leg and foot, illustrate environmental structure which forms no part of the claimed design.

The broken lines on the surface of the claimed design are understood to be stitch lines which form part of the claimed design.
