(57) **CLAIM**

The ornamental design for a container with a handle having an opening in the lid, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation view of container with a handle having an opening in the lid (the rear elevation view is symmetrical to the front elevation view);

FIG. 2 is a left, side elevation view thereof (the right, side elevation view is symmetrical to the left, side elevation view);

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof where the broken lines illustrate an exemplary contour of the bottom of the container that forms no part of the claimed design;

FIG. 5 is a perspective view thereof; and,

FIG. 6 is an exploded view thereof showing the opening in the lid.
