(57) **CLAIM**

The ornamental design for an intake system for an agricultural work vehicle, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an intake system for an agricultural work vehicle showing our new design in use condition;

FIG. 2 is an enlarged perspective view thereof;

FIG. 3 is a left side view thereof;

FIG. 4 is a right side view thereof;

FIG. 5 is a front side view thereof;

FIG. 6 is a back side view thereof;

FIG. 7 is a top plan view thereof; and,

FIG. 8 is a bottom plan view thereof.

The broken line showing in FIG. 1 of a body, a cabin, a tank, and a ladder assembly of the agricultural work vehicle is for environmental purposes only forms no part of the claimed design and the broken line showing on the surfaces of the claimed design in FIGS. 1-8 to illustrate portions of the intake system for an agricultural work vehicle form no part of the claimed design.
