(57) **CLAIM**

The ornamental design for a computer screen display and portion of a computer screen display with a graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a computer screen display and portion of a computer screen display with a graphical user interface showing the invention. The broken lines shown in the drawing represent portions of the graphical user interface that form no part of the claimed design. The computer screen display and portion of a computer screen shown in broken lines form no part of the claimed design.
