(57) **CLAIM**

The ornamental design for a health band, as shown and described.

DESCRIPTION

FIG. 1 is a front-right perspective view of a health band in accordance with a first embodiment;

FIG. 2 is a left side elevation view of the health band in accordance with the first embodiment;

FIG. 3 is a right side elevation of the health band in accordance with the first embodiment;

FIG. 4 is a rear elevation view of the health band in accordance with the first embodiment;

FIG. 5 is a front elevation view of the health band in accordance with the first embodiment;

FIG. 6 is a top plan view of the health band in accordance with the first embodiment;

FIG. 7 is the bottom plan view of the health band in accordance with the first embodiment;

FIG. 8 is a front-right perspective view of a health band in accordance with a second embodiment;

FIG. 9 is a left side elevation view of the health band in accordance with the second embodiment;

FIG. 10 is a right side elevation of the health band in accordance with the second embodiment;

FIG. 11 is a rear elevation view of the health band in accordance with the second embodiment;

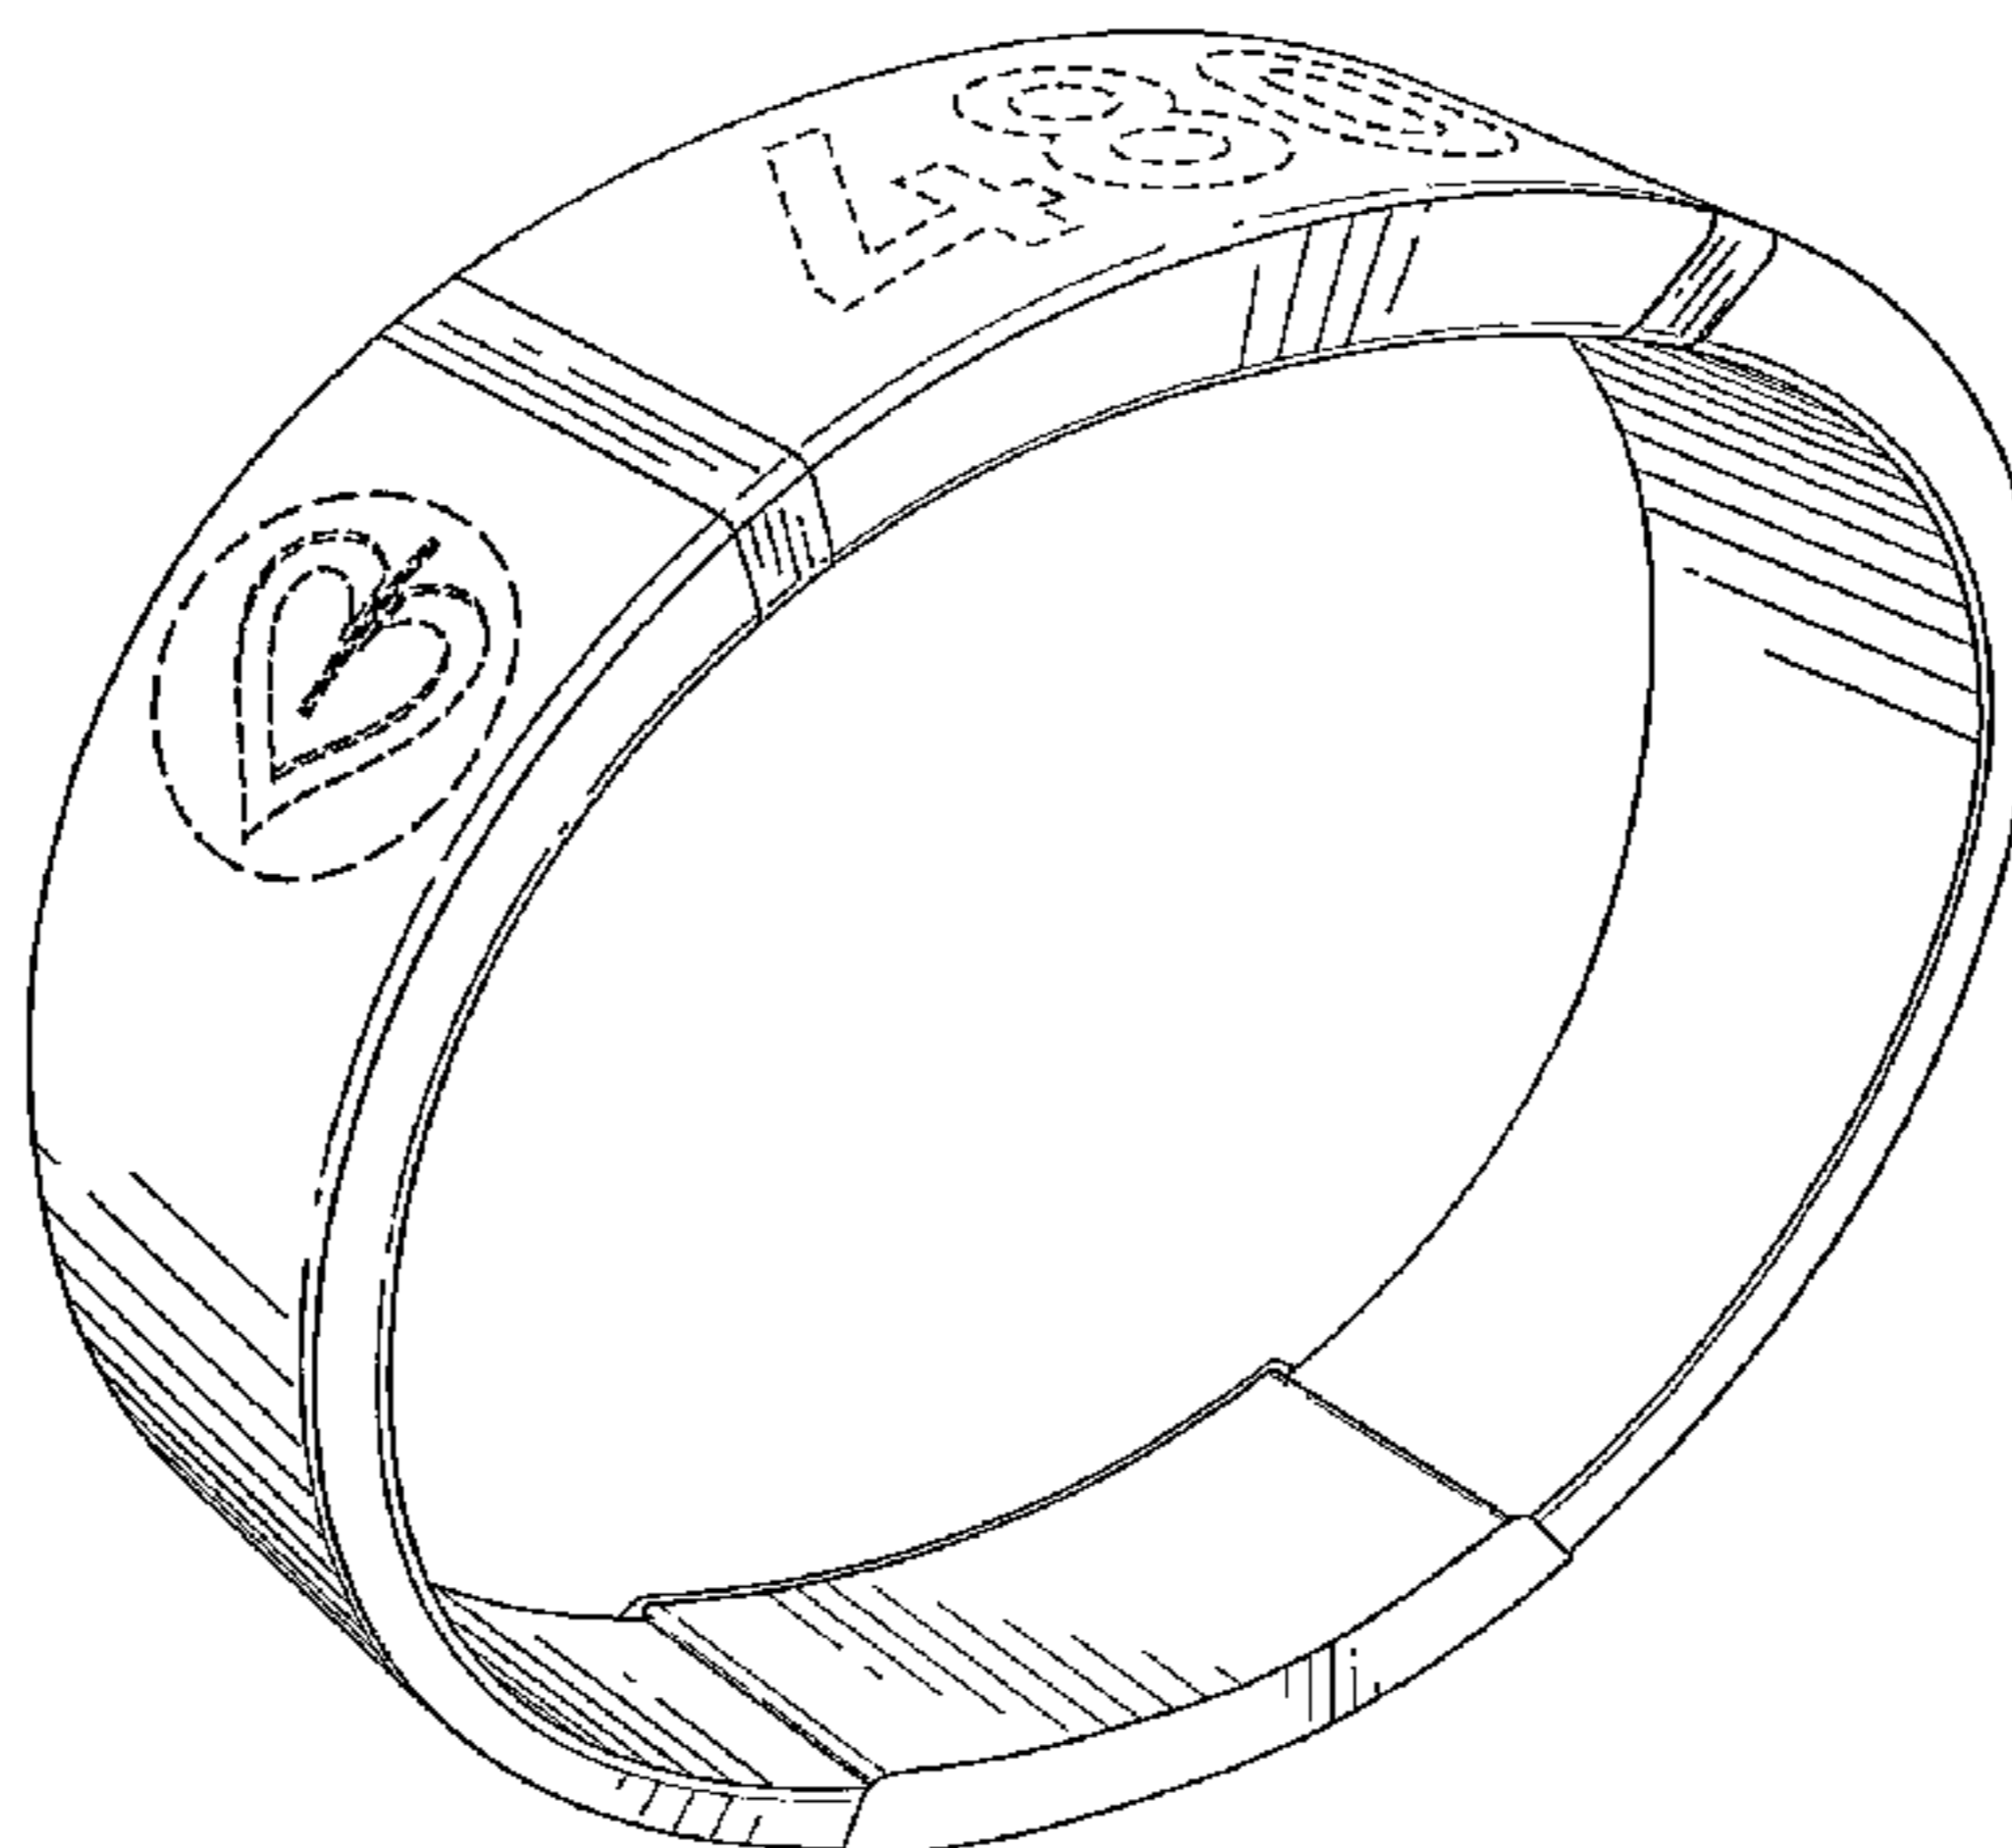

FIG. 12 is a front elevation view of the health band in accordance with the second embodiment;

FIG. 13 is a top plan view of the health band in accordance with the second embodiment; and,

FIG. 14 is a bottom plan view of the health band in accordance with the second embodiment.

The broken lines shown in the drawings illustrate portions of the article and form no part of the claimed design.
