(57) **CLAIM**

The ornamental design for a linear color changer, as shown and described.

DESCRIPTION

FIG. 1 is a right side perspective view of a linear color changer, showing our new design, shown broken away for convenience of illustration;

FIG. 2 is a left side perspective view thereof, shown broken away for convenience of illustration;

FIG. 3 is a front perspective view thereof, shown broken away for convenience of illustration;

FIG. 4 is a bottom view thereof;

FIG. 5 is a top view thereof;

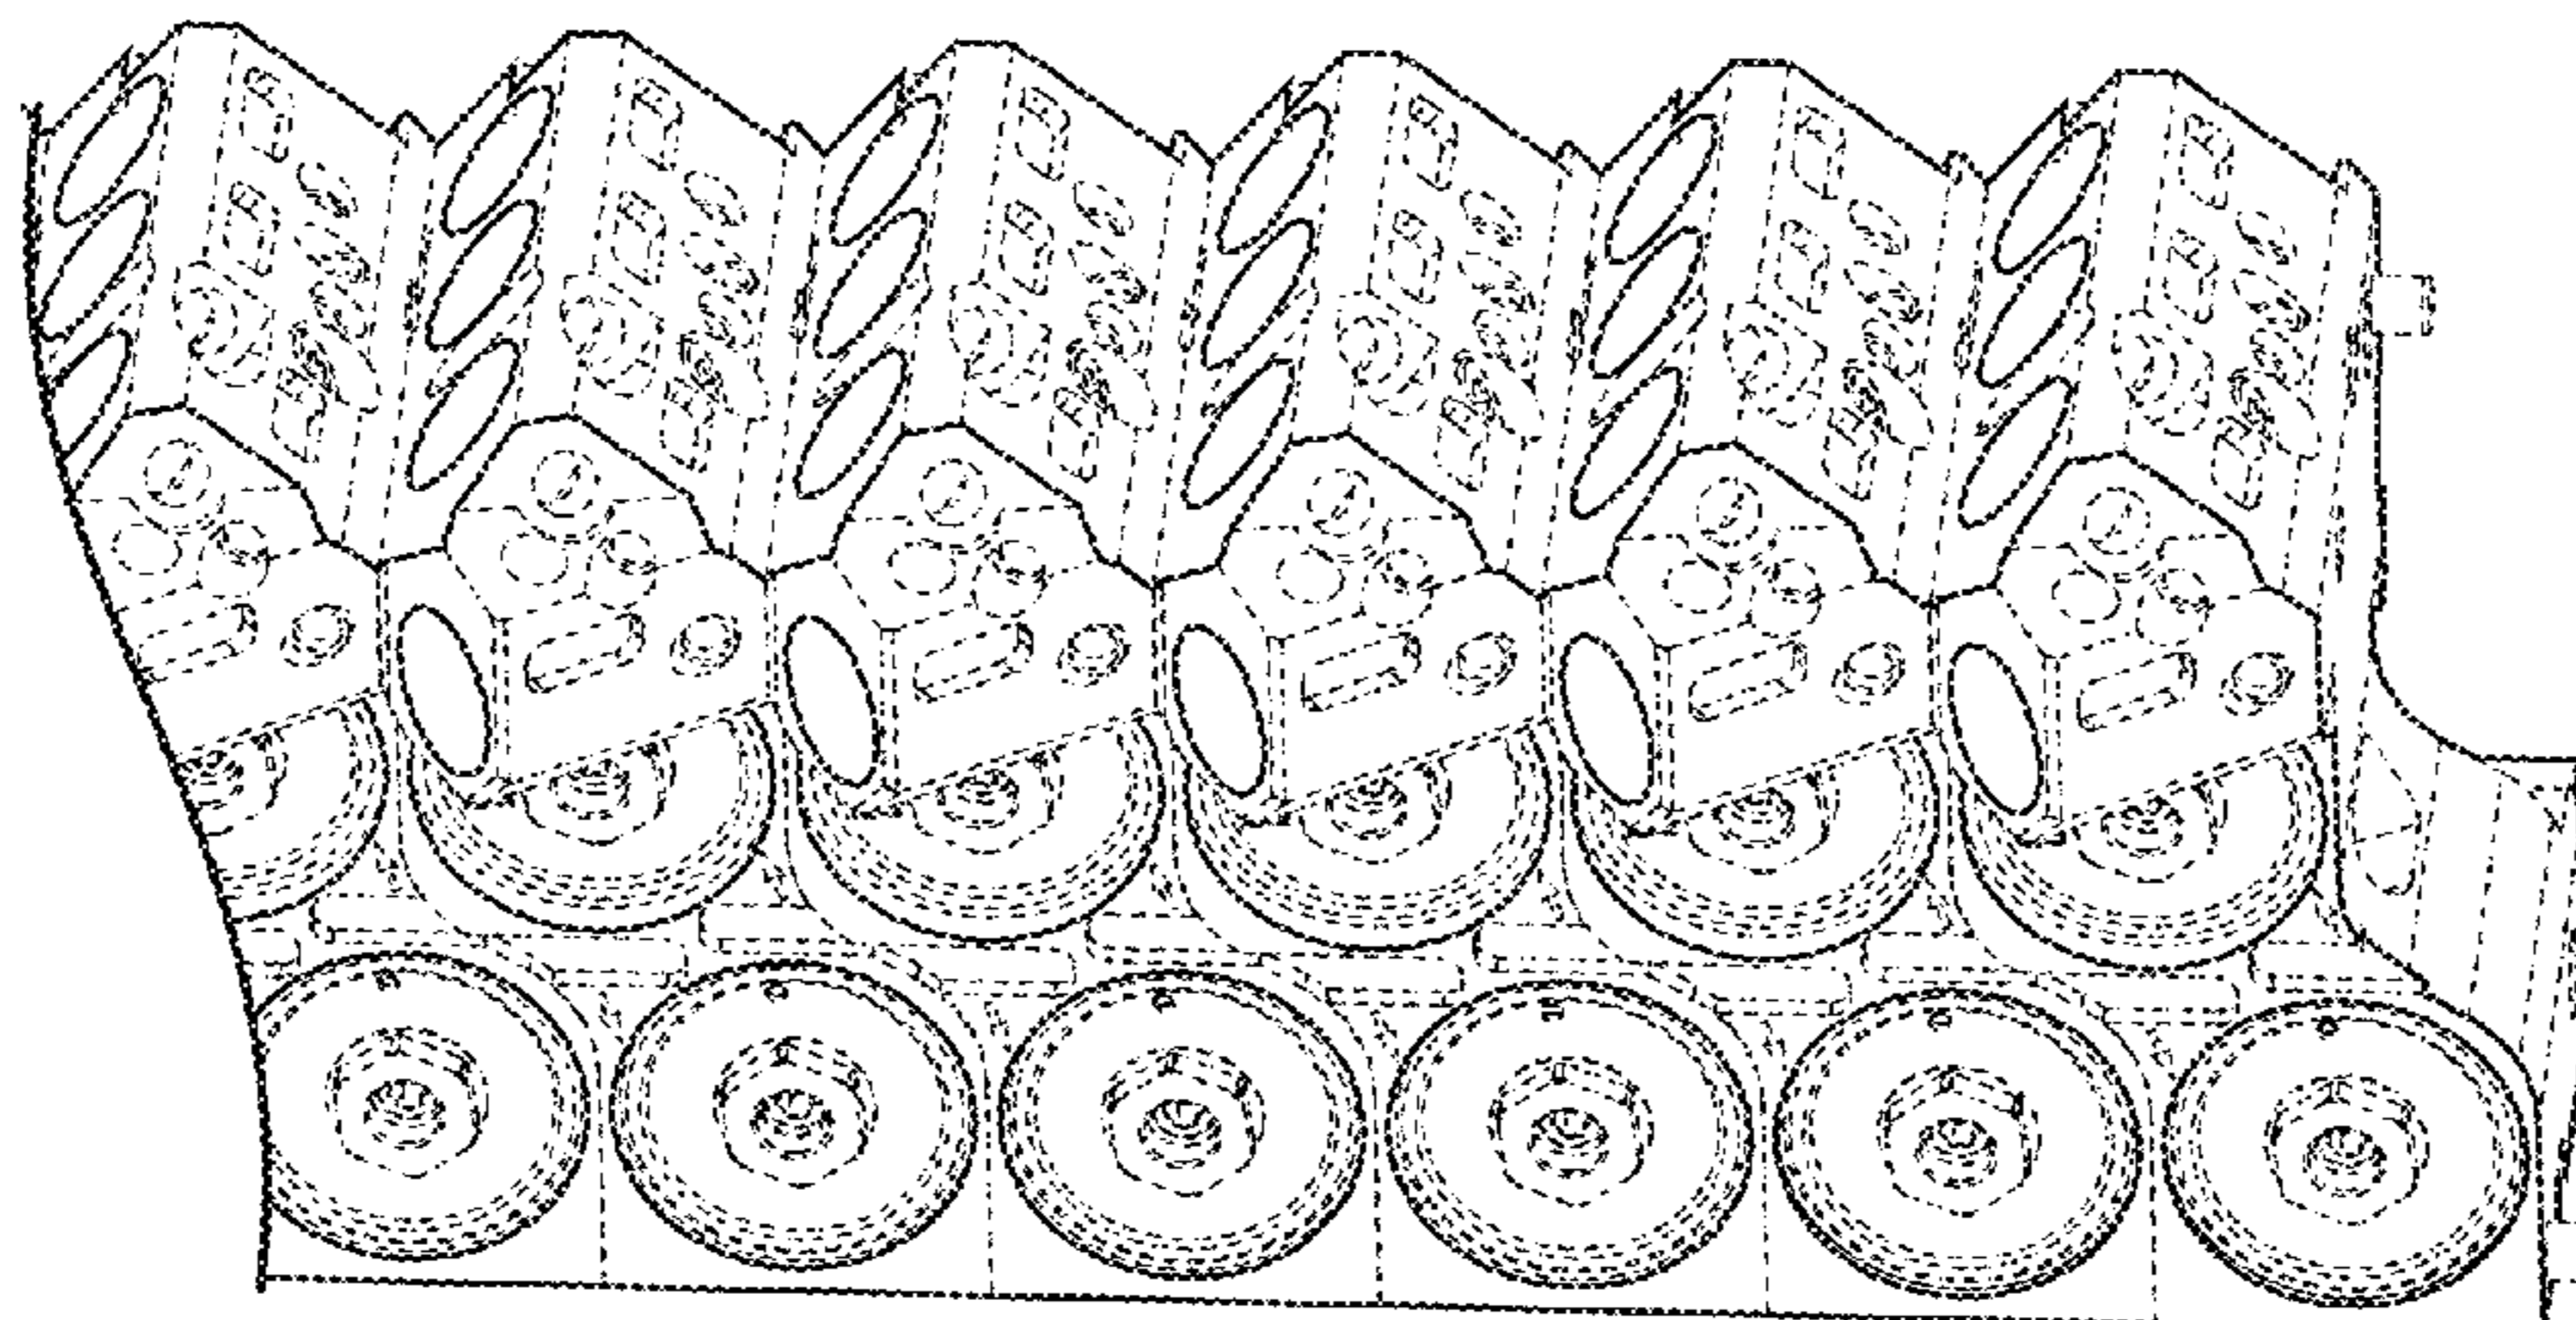

FIG. 6 is a right side perspective view thereof, shown broken away and partially disassembled for convenience of illustration; and,

FIG. 7 is a left side perspective view thereof, partially disassembled.

The broken lines in the Figs. are directed to environment and form no part of the claimed design.

The claim is directed to only the solid lines edges and none of the surfaces bounded by solid, or broken, lines form a part of the claimed design.
