(57) **CLAIM**

The ornamental design for a drawer with divider, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the design in the housing with two dividers;

FIG. 2 is a front perspective view of the design slide out of the housing with two dividers;

FIG. 3 is a front view of the design in the housing with two dividers;

FIG. 4 is a back view of the design in the housing with two dividers;

FIG. 5 is a left side view of the design in the housing with two dividers;

FIG. 6 is a right side view of the design in the housing with two dividers;

FIG. 7 is a top view of the design in the housing with two dividers;

FIG. 8 is a bottom view of the design in the housing with two dividers;

FIG. 9 is a front perspective view of the design in the housing with one left side divider;

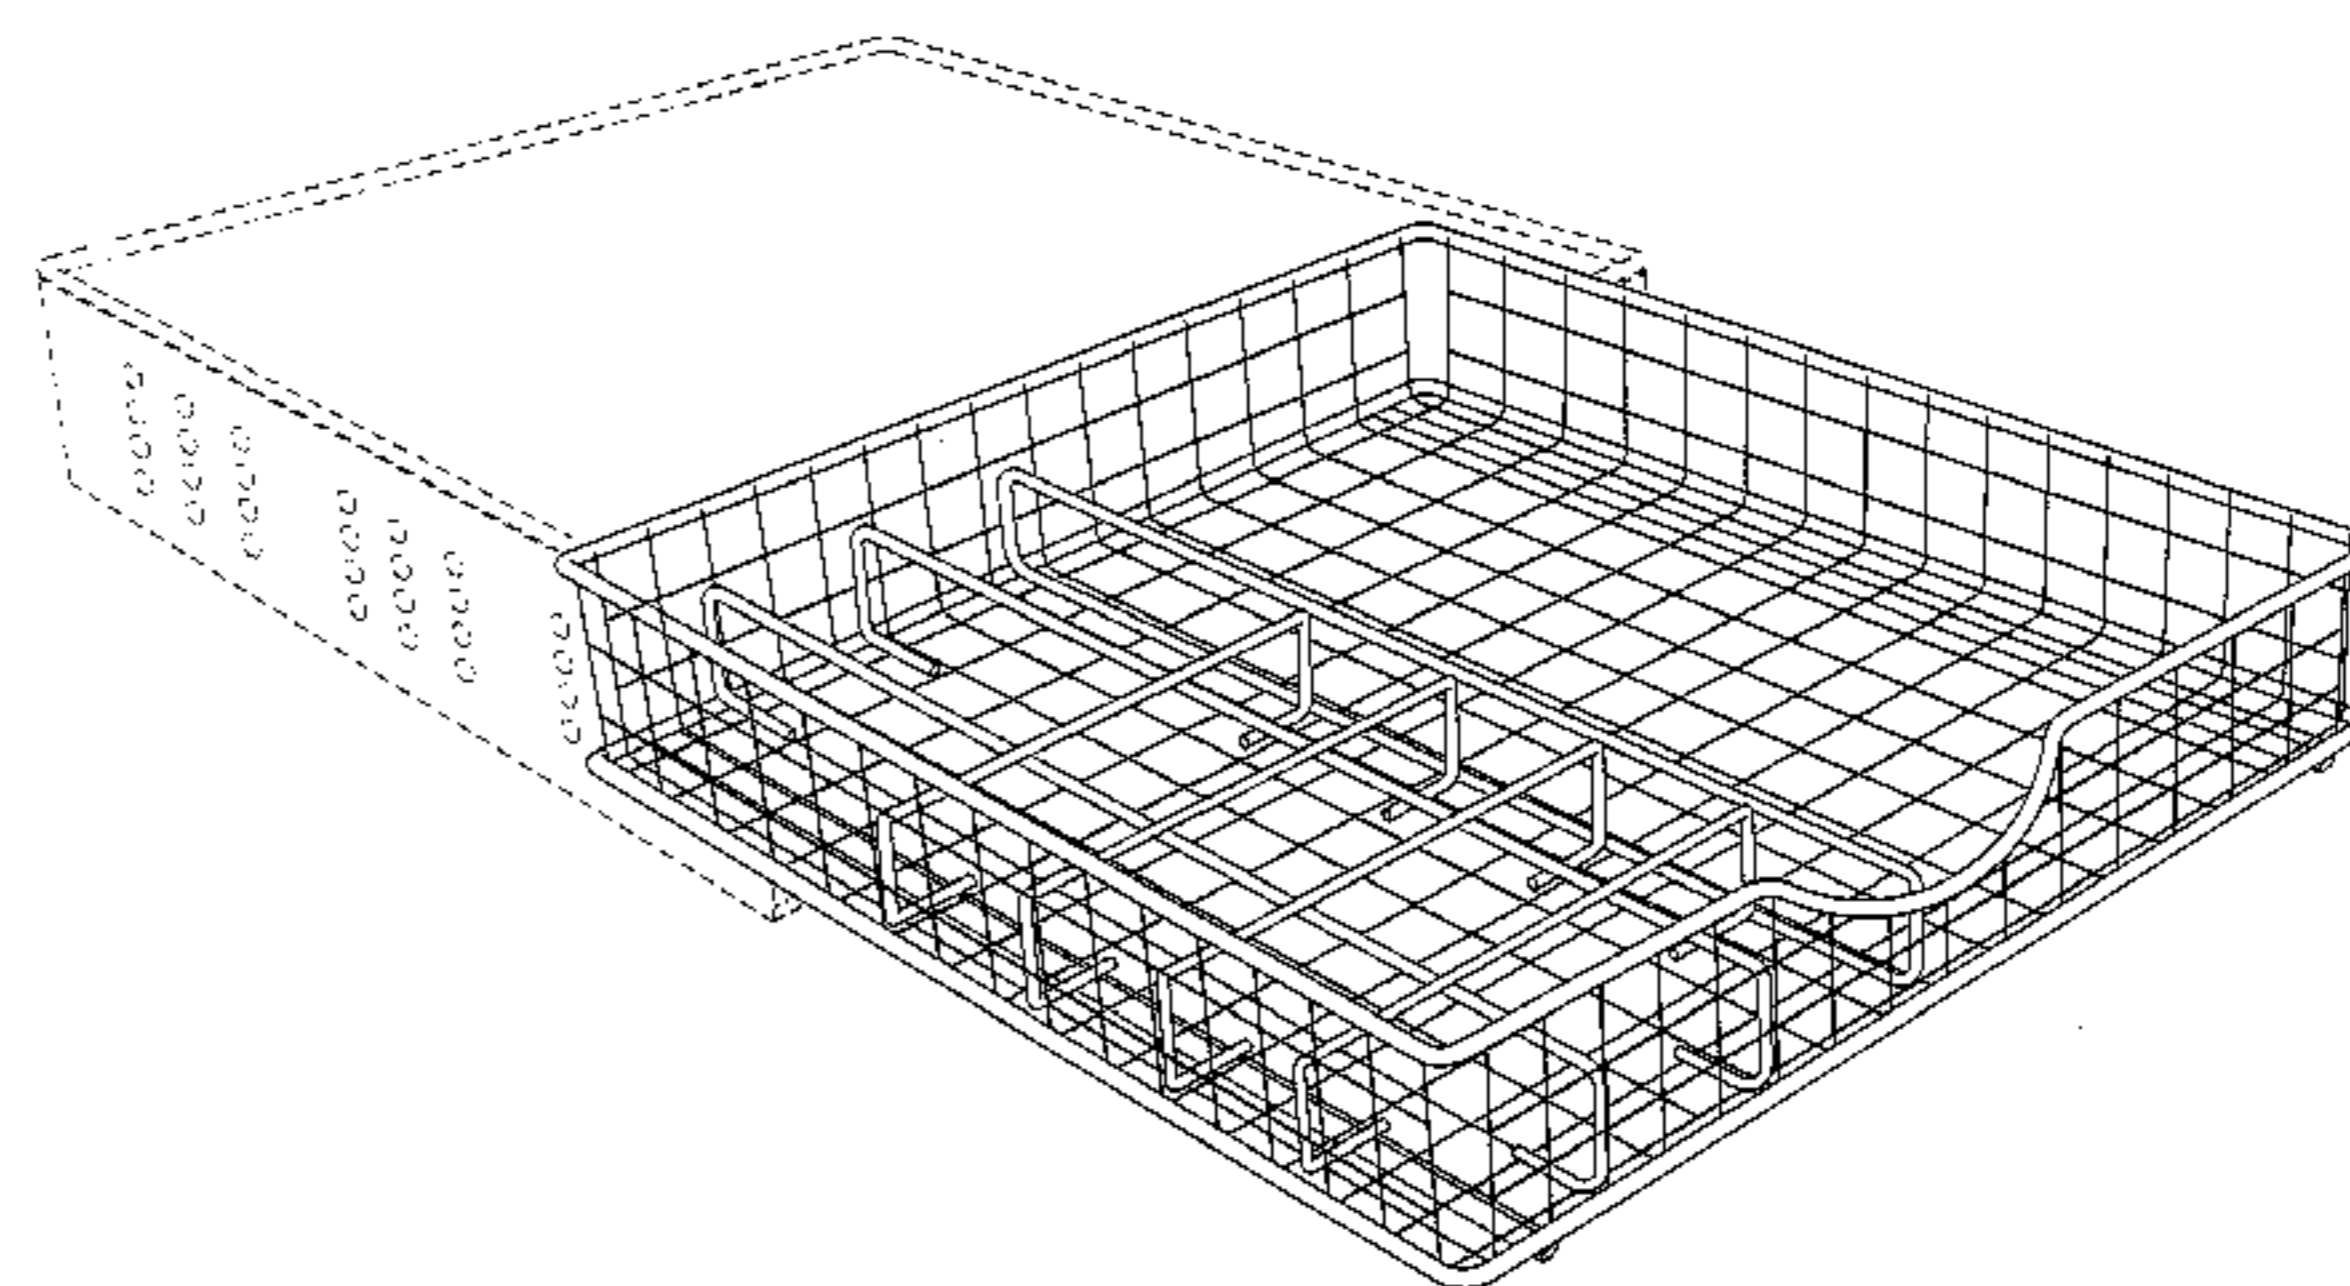

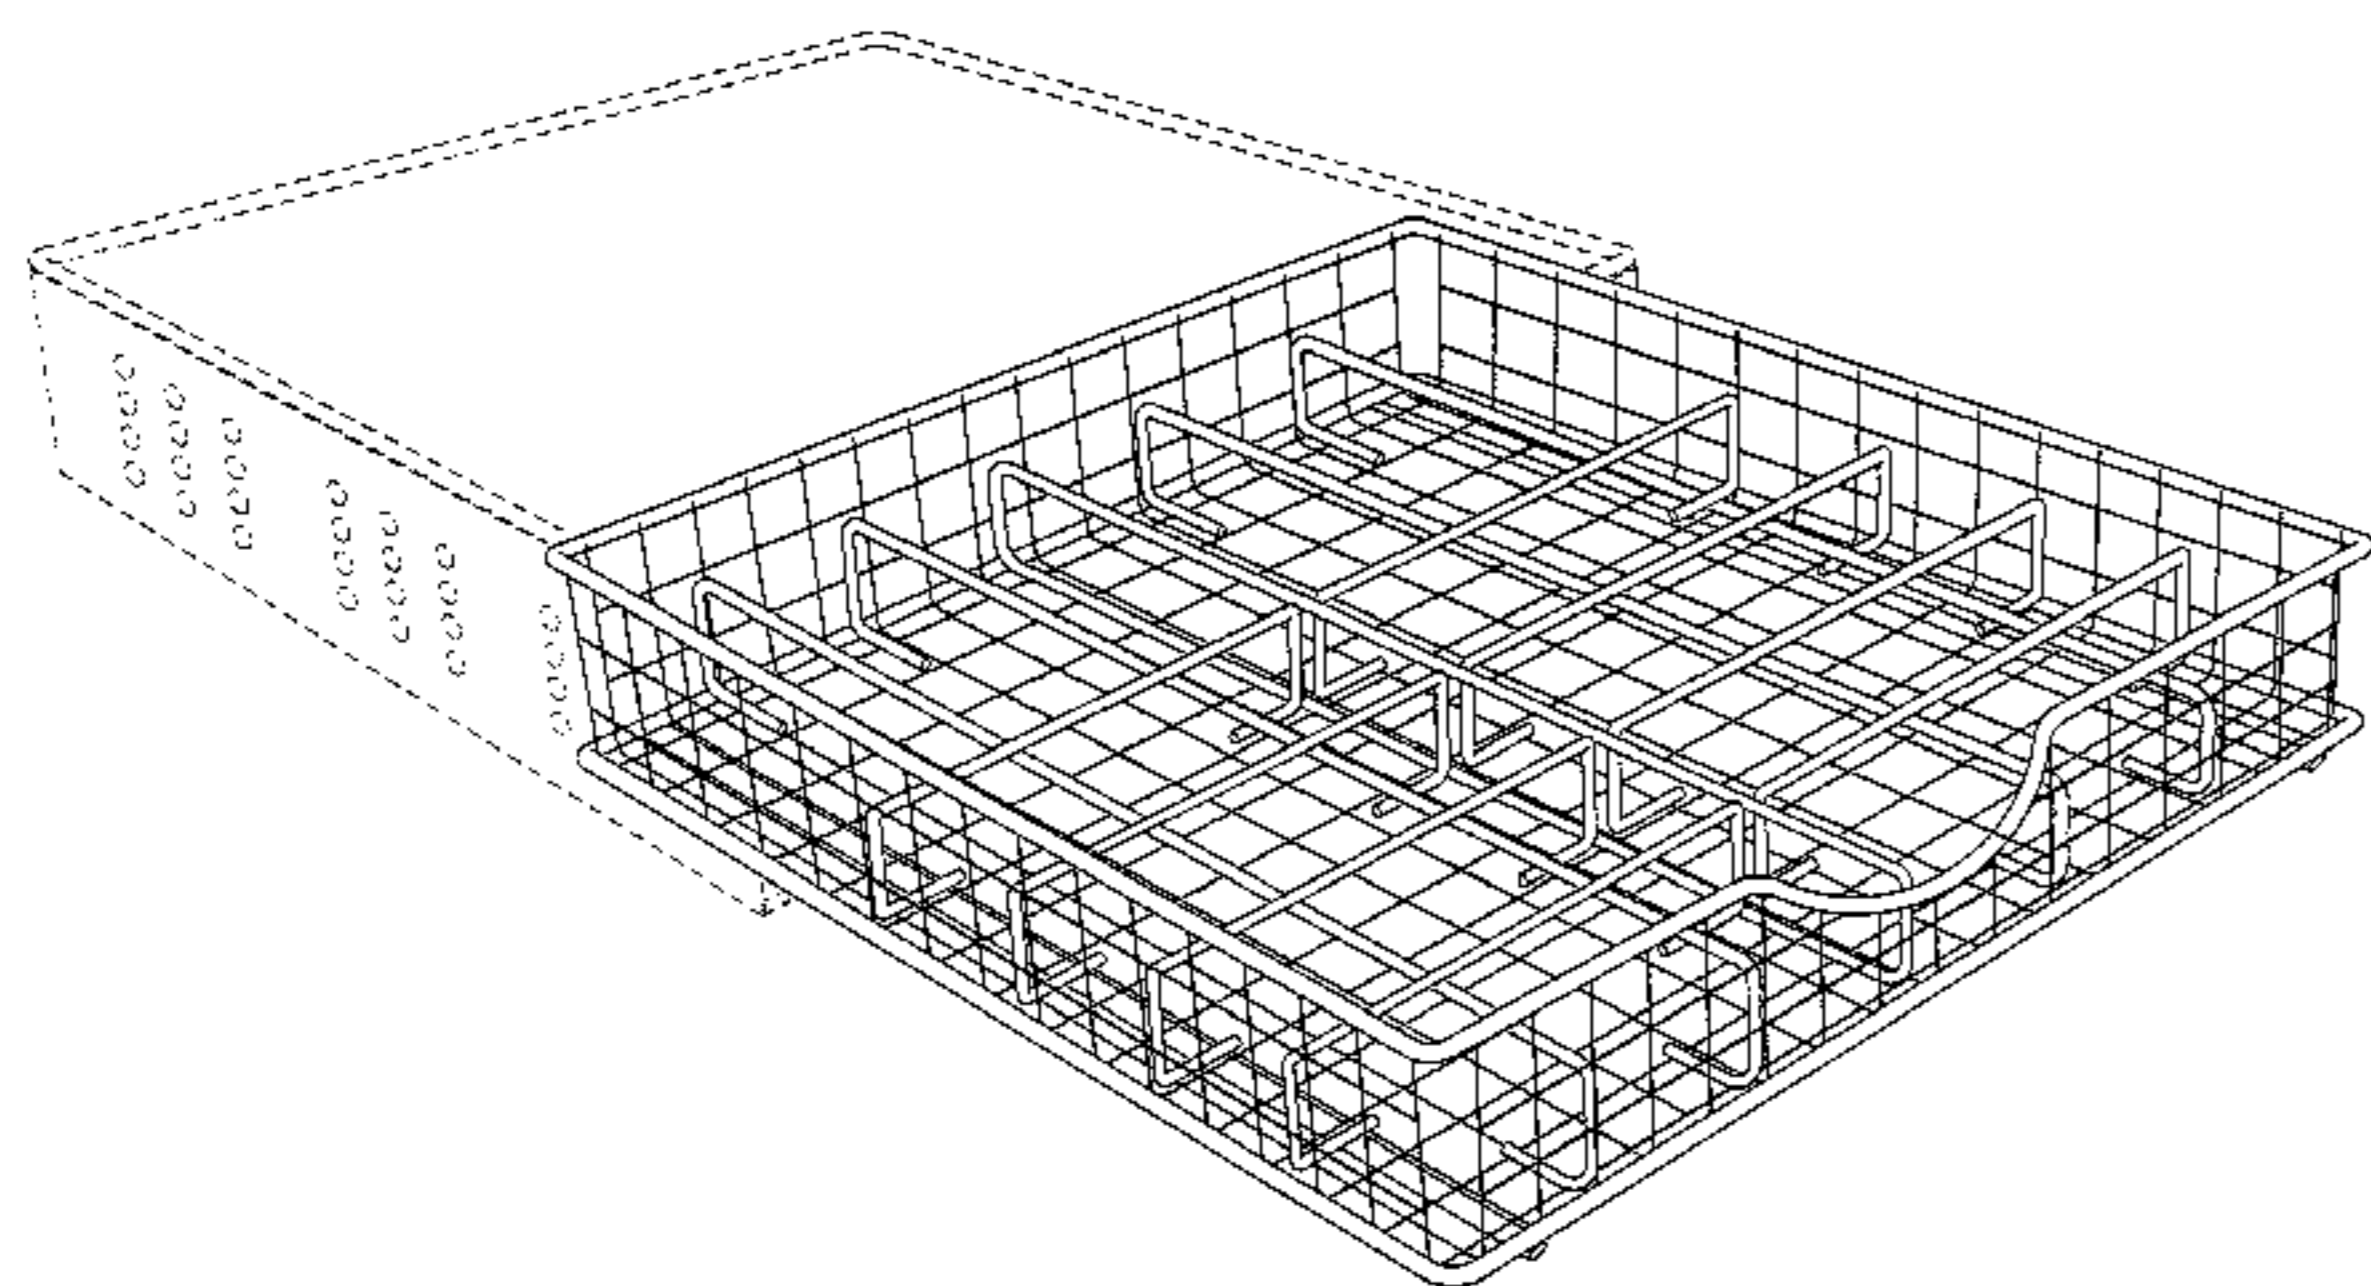

FIG. 10 is a front perspective view of the design slide out of the housing with one left side divider;

FIG. 11 is a front view of the design in the housing with one left side divider;

FIG. 12 is a back view of the design in the housing with one left side divider;

FIG. 13 is a left side view of the design in the housing with one left side divider;

FIG. 14 is a right side view of the design in the housing with one left side divider;

FIG. 15 is a top view of the design in the housing with one left side divider;

FIG. 16 is a bottom view of the design in the housing with one left side divider;

FIG. 17 is a front perspective view of the design in the housing with a right side divider;

FIG. 18 is a front perspective view of the design slide out of the housing with a right side divider;

FIG. 19 is a front view of the design in the housing with a right side divider;

FIG. 20 is a back view of the design in the housing with a right side divider;

FIG. 21 is a left side view of the design in the housing with a right side divider;

FIG. 22 is a right side view of the design in the housing with a right side divider;

FIG. 23 is a top view of the design in the housing with a right side divider; and,

FIG. 24 is a bottom view of the design in the housing with a right side divider.

The broken lines shown in the drawings are for illustrative purposes only and form no part of the claimed design.
