(57) **CLAIM**

The ornamental design for a chamfer tool, as shown and described.

DESCRIPTION

FIG. 1 is front perspective view of the chamfer tool of the present invention;
 FIG. 2 is a left perspective view of the chamfer tool of the present invention;
 FIG. 3 is a right end view of the chamfer tool of the present invention;
 FIG. 4 is a left end view of the chamfer tool of the present invention;
 FIG. 5 is a top view of the chamfer tool of the present invention;
 FIG. 6 is a bottom view of the chamfer tool of the present invention;
 FIG. 7 is a view of the left side of the chamfer tool of the present invention; and,
 FIG. 8 is a view of the right side of the chamfer tool of the present invention.
 The broken lines in the drawings illustrate an element of the chamfer tool that forms no part of the claim.
