(57) **CLAIM**

The ornamental design for a portion of a display with a graphical user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but otherwise reserves all other copyright rights whatsoever. The following notice applies to the drawing that forms a part of this document: Copyright © 2011 Fanhattan LLC. All rights reserved.

The FIGURE is a front view of a portion of a display with a graphical user interface, showing our new design. The broken lines in the drawing form no part of the claimed design. The perimeters of the underlying display screen and the graphical user interface are understood to be flush.
