(57) **CLAIM**

The ornamental design for a motion sensor, as shown and described.

DESCRIPTION

FIG. **1** is a front perspective view of the motion sensor of the present invention;
FIG. **2** is a front elevation view of the motion sensor of the present invention;
FIG. **3** is a rear elevation view of the motion sensor of the present invention;
FIG. **4** is a left side elevation view of the motion sensor of the present invention;
FIG. **5** is a right side elevation view of the motion sensor of the present invention;
FIG. **6** is a top plan view of the motion sensor of the present invention; and,
FIG. **7** is a bottom plan view of the motion sensor of the present invention.
The portions shown in broken lines form no part of the claimed design.
