(57) **CLAIM**

The ornamental design for a rotatable, homogeneous herringbone preform for traffic patterns, as shown and described below.

**DESCRIPTION**

FIG. 1 is a top plan view of a rotatable, homogeneous herringbone preform template for traffic patterns, showing the new design;

FIG. 2 is a perspective view thereof; and,

FIG. 3 is a top plan view of the assembly of a combination of a two x two patterned preform template creating adjacent design portions as shown in FIG. 1.

The broken line showing like preforms is for illustrative purposes only and forms no part of the claimed design.
