(57) **CLAIM**

We claim the ornamental design for a set of wheel chocks, as shown and described.

DESCRIPTION

FIG. **1** is a front perspective view of a right wheel chock.
FIG. **2** is a rear perspective view of the right wheel chock.
FIG. **3** is a front perspective view of a left wheel chock which is a mirror image of the left wheel chock shown in FIG. **1**.
FIG. **4** is a rear perspective view of the left wheel chock which is a mirror image of the left wheel chock shown in FIG. **2**.
FIG. **5** is a top plan view of the right wheel chock.
FIG. **6** is a right side elevation view of the left wheel chock.
FIG. **7** is front elevation view of the right wheel chock.
FIG. **8** is a rear elevation view of the right wheel chock.
FIG. **9** is a left side elevation view of the right wheel chock.
FIG. **10** is a bottom plan view of the right wheel chock; and,
FIG. **11** is a perspective view of a left wheel chock and a right wheel chock, each with a raised wheel retainer.
