(57) **CLAIM**

The ornamental design for a portion of a display screen with an icon, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a first embodiment of a portion of a display screen with an icon showing my new design.

FIG. 2 is a front view of a second embodiment of a portion of a display screen with an icon showing my new design.

FIG. 3 is a front view of a third embodiment of a portion of a display screen with an icon showing my new design; and,

FIG. 4 is a front view of a fourth embodiment of a portion of a display screen with an icon showing my new design.

The outer dot dash dot broken line in each of the four figures represents the portion of a display panel or screen and the boundaries of the claim. The broken line forms no part of the portion of a display panel or screen with an icon.

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.
