(57) **CLAIM**

The ornamental design for a translucent covered litter box, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the translucent covered litter box;

FIG. 2 is a top plan view of the litter box;

FIG. 3 is a front elevation view of the litter box;

FIG. 4 is a rear elevation view of the litter box; the lighter outline of the opening on the far side indicates translucency;

FIG. 5 is a bottom plan view of the litter box;

FIG. 6 is a right side elevation view of the litter box; and,

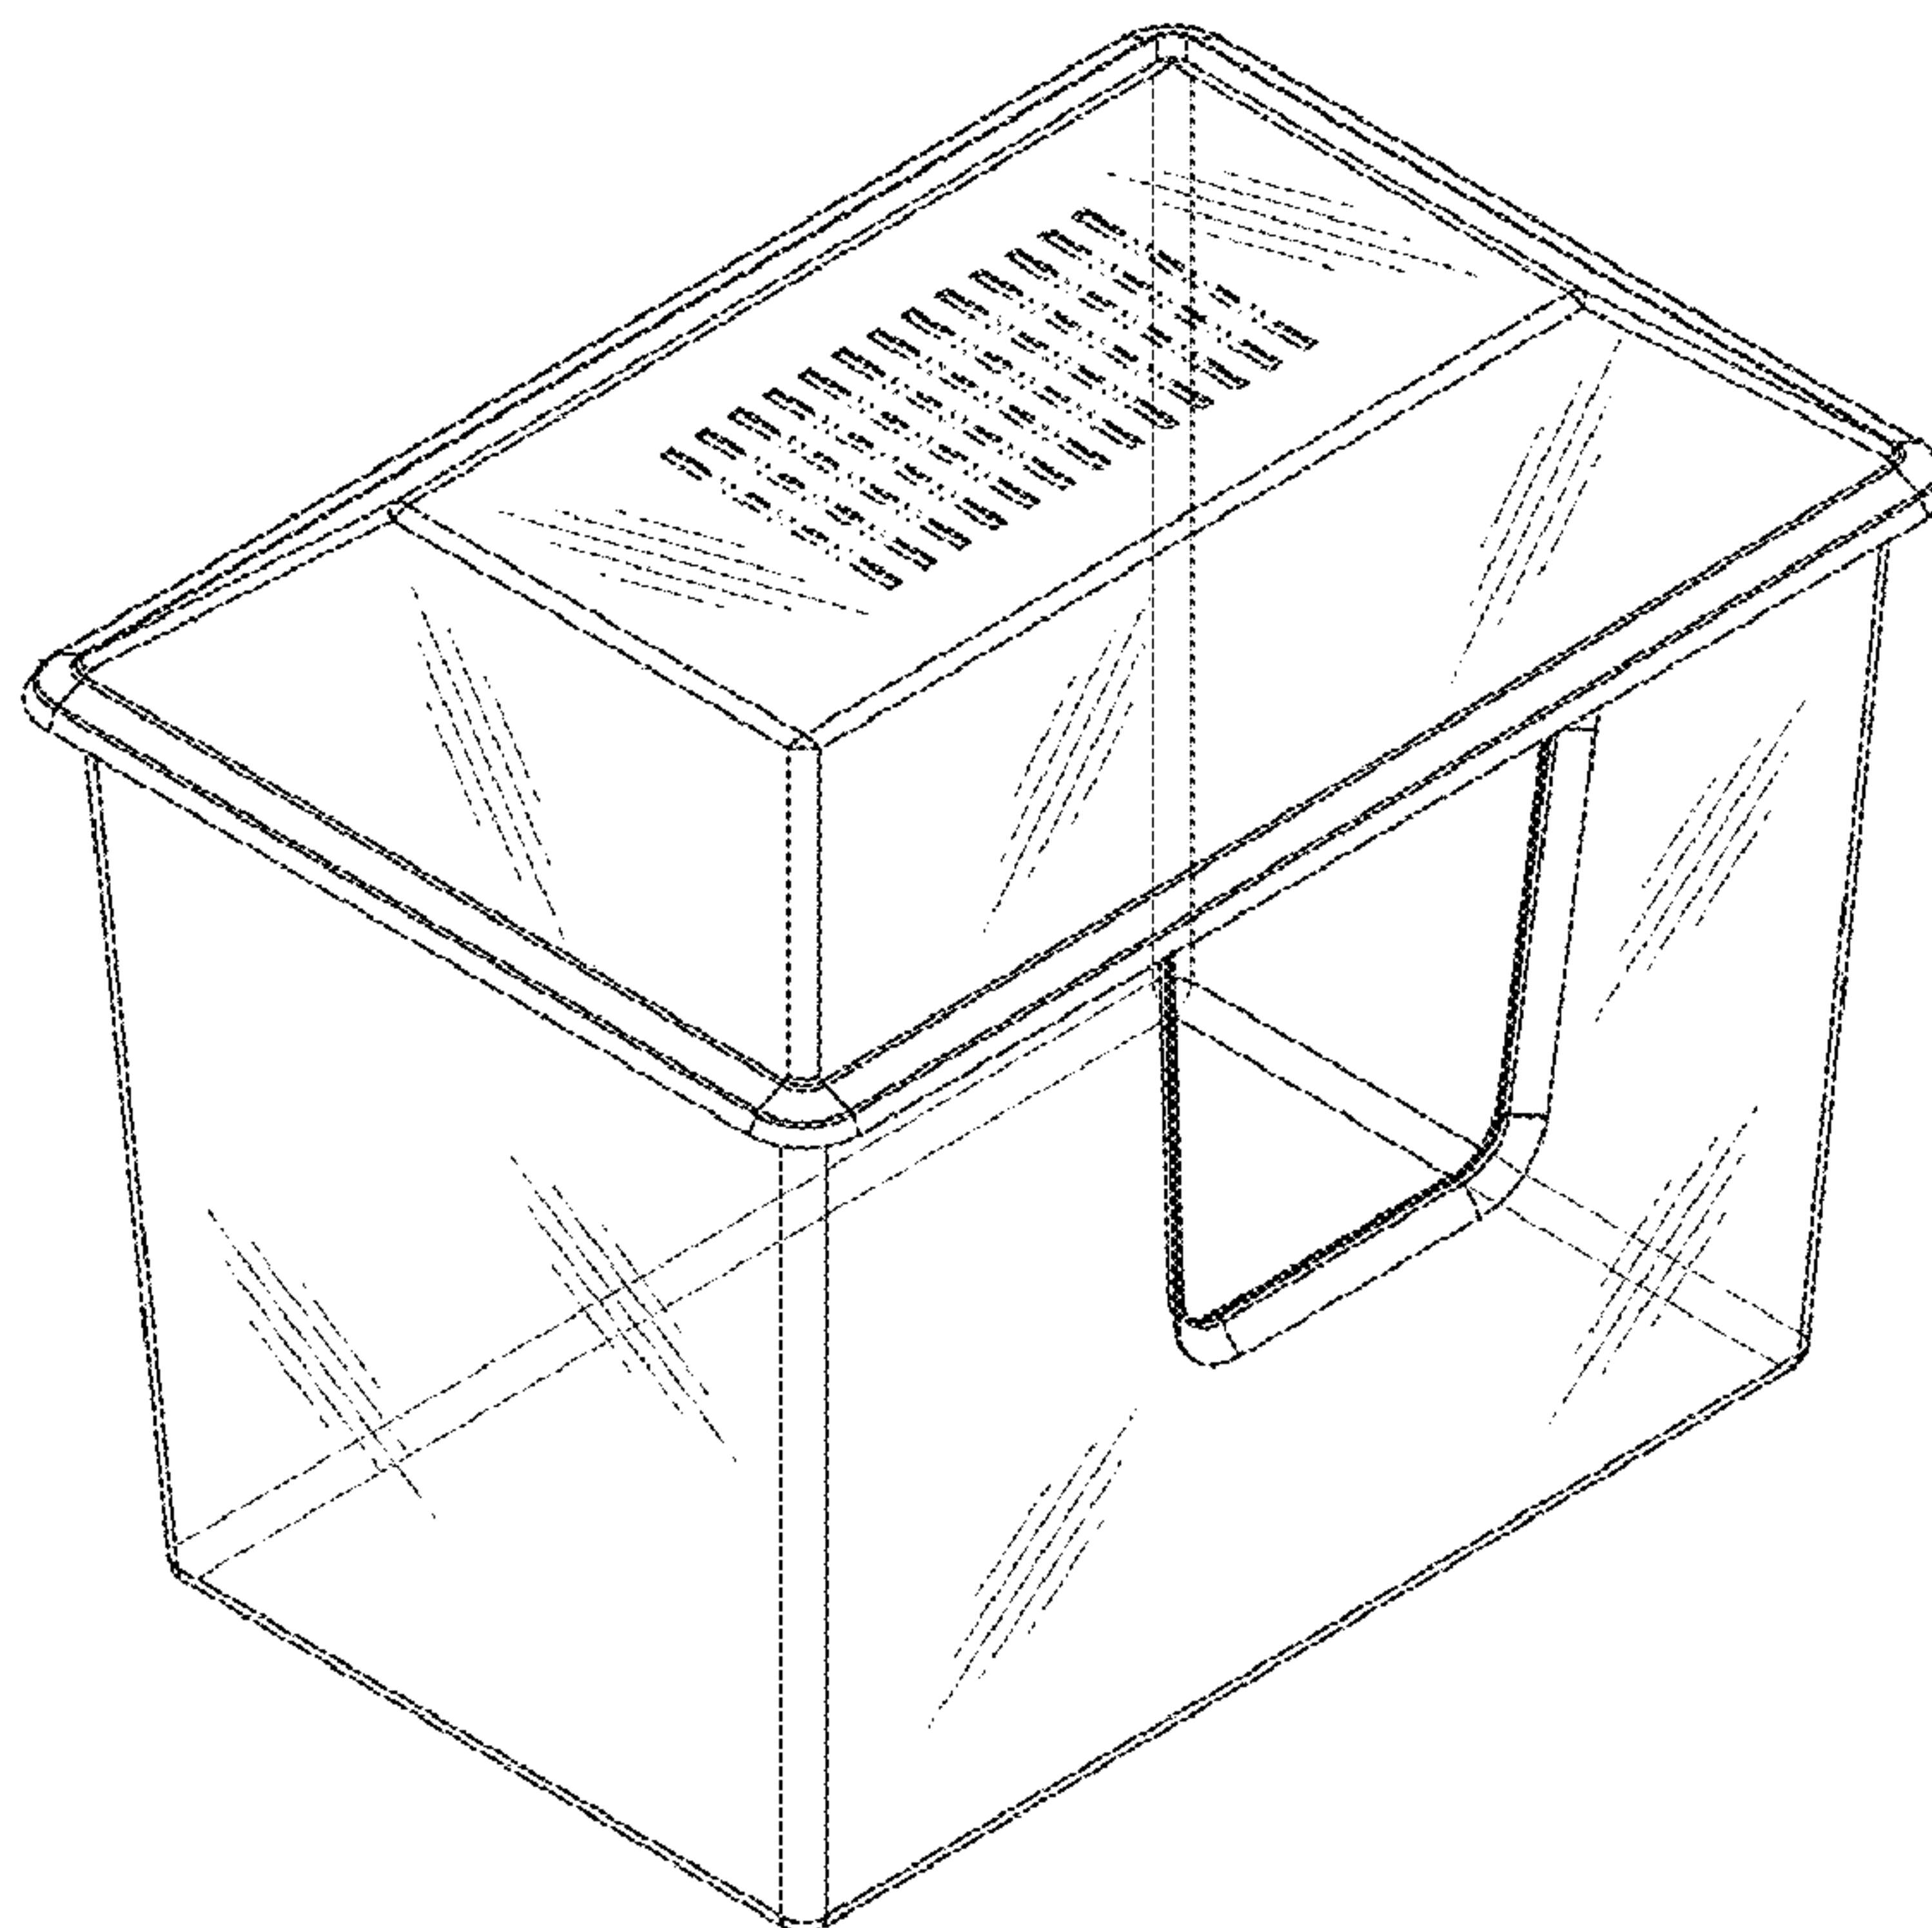

FIG. 7 is a left side elevation view of the litter box.

The structural ribs on the bottom of FIG. 5 that should be seen through the translucent material on FIG. 2 have been omitted from FIG. 2 to reduce visual confusion. The broken lines on FIGS. 1 and 2 are for illustration only and form no part of the claimed design.

The broken lines are for illustration only and form no part of the claimed design.

The claimed invention is an ornamental design for a litter box intended for use with domestic pets.
