(57) **CLAIM**

The ornamental design for a “water treatment device,” as shown and described.

**DESCRIPTION**

FIG. 1 is an isometric view of the water treatment device of the present invention with a bottom cover.

FIG. 2 is a front view of the water treatment device of the present invention.

FIG. 3 is a back view of the water treatment device of the present invention.

FIG. 4 is bottom view of the water treatment device of the present invention.

FIG. 5 is side view of the water treatment device of the present invention.

FIG. 6 is an upper view of the water treatment device of the present invention; and,

FIG. 7 is an isometric view of the water treatment device mounted on a water pipe which is shown in broken lines and is for illustrative purposes only and forms no part of the claimed design.

The present invention is a water treatment device to be mounted on a water line.
