See application file for complete search history.

The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-3, FIGS. 4-6, FIGS. 7-9, and FIGS. 10-12, respectively. The process or period in which one image transitions to another image forms no part of the claimed design. The broken line showing of the display screen is included for the purpose of illustrating the environment of the claimed design and forms no part thereof. The broken line showing of portions of the animated graphical user interface illustrate portions of the animated graphical user interface which form no part of the claimed design.
