(57) **CLAIM**

The ornamental design for a filtration and separation assembly, as shown.

DESCRIPTION

FIG. 1 is a perspective view of the filtration and separation assembly;

FIGS. 2 through 5 are side elevational views of the filtration and separation assembly as it is rotated along an axis that runs from top to bottom;

FIG. 6 is a top plan view of the filtration and separation assembly; and,

FIG. 7 is a bottom plan view of the filtration and separation assembly.

The broken lines in FIG. 6 illustrate unclaimed environment only and form no part of the claimed design.
