(57) **CLAIM**

The ornamental design for an ice storage container, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an ice storage container showing my new ornamental design;

FIG. 2 is a front view thereof, with the ice bin shown in a first position in partial alignment with the ice maker; and,

FIG. 3 is a front view thereof with the ice bin shown in a second position in partial alignment with the ice maker.

The broken lines of the ice storage container show surrounding structure or environment and do not form part of the claimed design. The term "ICE MAKER" appears on all of the drawings in broken lines and does not form a part of the claimed design.

The rear, bottom and/or sides of each refrigerator, drawer, ice maker and ice bin is/are not shown or claimed.

Applicant specifically reserves the right to pursue portions of each of the designs disclosed herein, or any portion(s) thereof. For example, Applicant reserves the right to claim various portions of each ice storage container disclosed herein (such as any individual component in isolation, e.g., refrigerator, refrigerator wall(s) and/or shelving, ice maker, ice bin, ice maker cover, drawer, etc.), various sub-portions of the components thereof and/or combinations of or the interface between components or portions thereof.
