(57) **CLAIM**

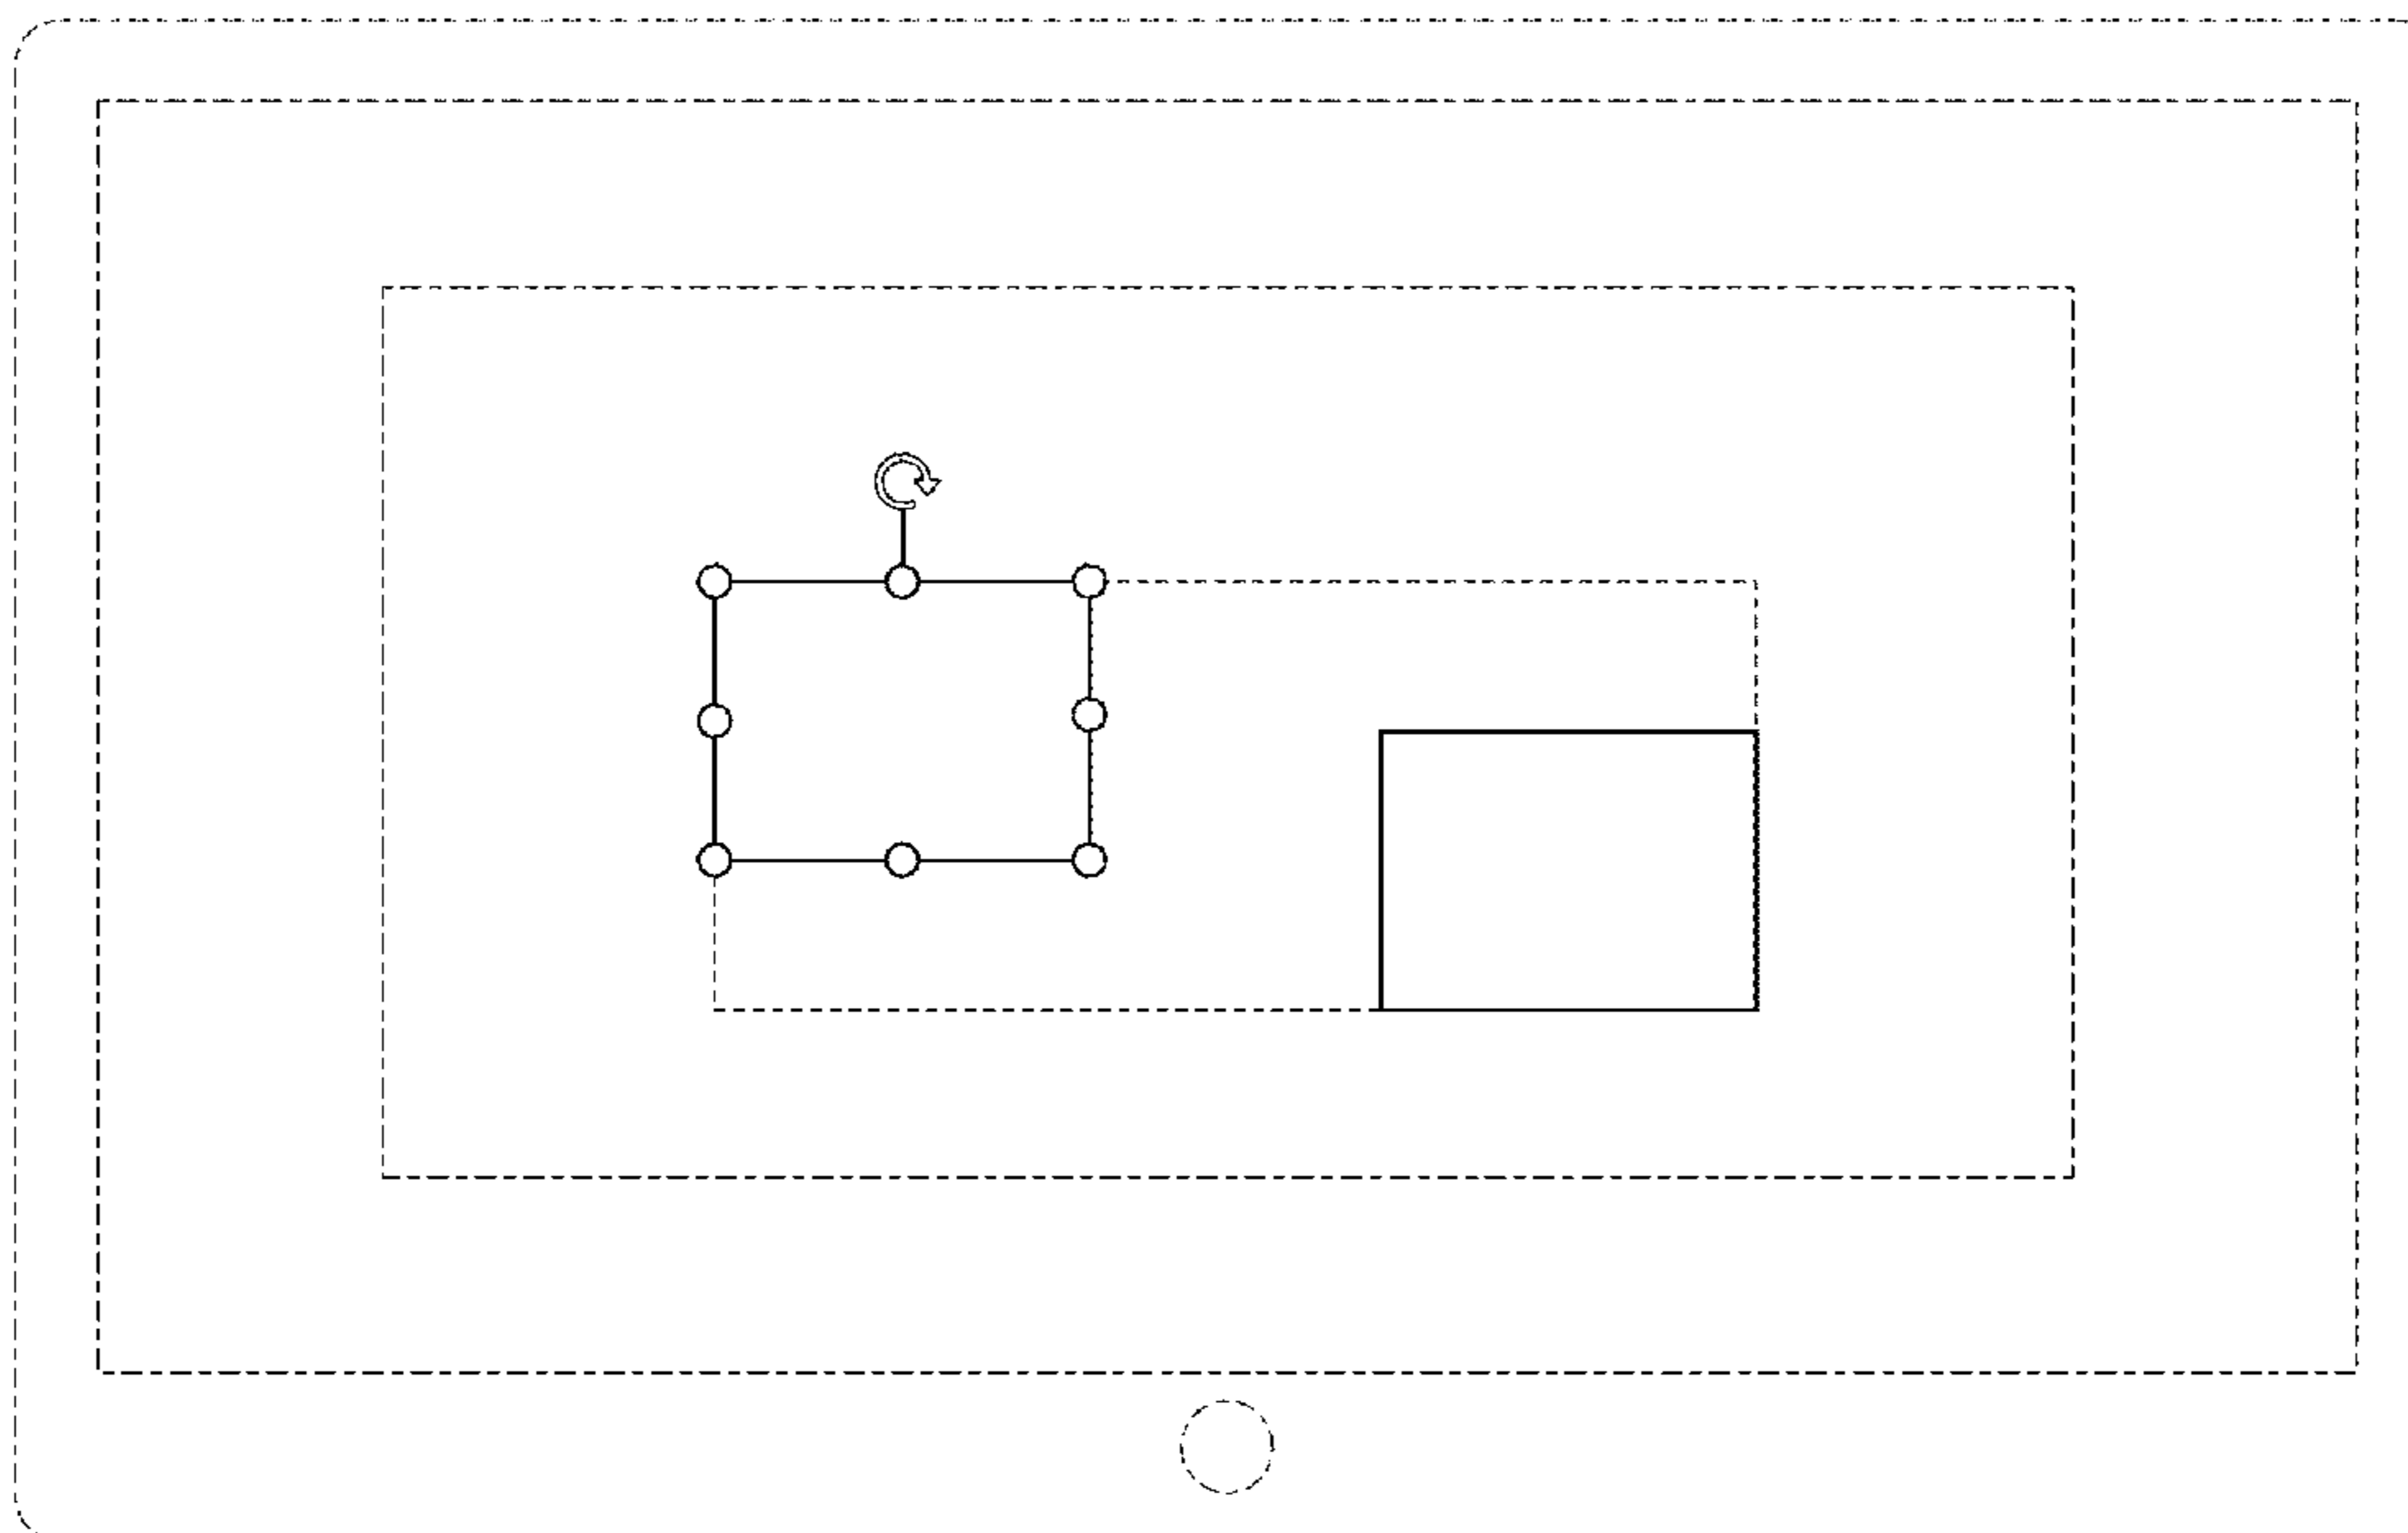

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface showing our new design; and, FIG. 2 is a front view of a display screen with graphical user interface showing an alternative embodiment of our new design.

The even length broken lines form a part of the claimed design. The uneven length broken line showing of the remainder of the user interface and display screen is for environmental purposes only and forms no part of the claimed design.
