(57) **CLAIM**

The ornamental design for a charger, as shown and described.

DESCRIPTION

FIG. 1 is a front, left side and top perspective view of a charger in accordance with an embodiment of our new design;
 FIG. 2 is a front, left side and bottom perspective view of the charger in accordance with the embodiment of our new design;
 FIG. 3 is a front elevation view of the charger in accordance with the embodiment of our new design;
 FIG. 4 is a rear elevation view of the charger in accordance with the embodiment of our new design;
 FIG. 5 is a left side view of the charger in accordance with the embodiment of our new design, a right side view being a mirror image thereof;
 FIG. 6 is a top plan view of the charger in accordance with the embodiment of our new design;
 FIG. 7 is a bottom plan view of the charger in accordance with the embodiment of our new design;
 FIG. 8 is a cross-sectional view taken along a line 8-8 in FIG. 3 of the charger in accordance with the embodiment of our new design; and,
 FIG. 9 is a cross-sectional view taken along a line 9-9 in FIG. 6 of the charger in accordance with the embodiment of our new design.
 The broken lines shown in the drawings are included for the purpose of illustrating environmental structure and form no part of the claimed design.
