(57) **CLAIM**

We claim the ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the display screen with graphical user interface of my new design;

FIG. 2 is a front view of another embodiment of the display screen with graphical user interface of my new design; and,

FIG. 3 is a front view of another embodiment of the display screen with graphical user interface of my new design.

The ornamental design which is claimed is shown in solid lines in the drawings. The broken line showing of the display screen and of the portions of the user interface illustrate unclaimed environment and form no part of the claimed design.
