(57) **CLAIM**

We claim the ornamental design for a washing machine displaying transitional graphical user interface, as shown.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a washing machine displaying transitional graphical user interface showing our new design; FIG. 2 is an enlarged front view of the transitional graphical user interface of FIG. 1 showing a first image in a sequence without the broken line environment for clarity of disclosure; FIG. 3 is a second image thereof; FIG. 4 is a third image thereof; and, FIG. 5 is a fourth image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 2-5. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken lines showing in FIGS. 1-5 are for the purpose of illustrating structure that is not part of the claimed design, but is considered necessary to show the environment or other information with which the design is associated and forms no part of the claimed design.
