(57) **CLAIM**

The ornamental design for a fabric turner, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a fabric turner showing my new design, with the rear, right side, and left side elevational views being identical thereto;

FIG. 2 is a top plan view thereof;

FIG. 3 is a front elevational view thereof in a partially exploded condition;

FIG. 4 is a front elevational view thereof in an exploded condition, showing the cap members separated;

FIG. 5 is a front elevational view of the housing portion of the fabric turner, the rear, right side, and left side elevational views being identical thereto;

FIG. 6 is a top plan view of FIG. 5, the bottom plan view of FIG. 5 being identical to FIG. 2;

FIG. 7 is a front elevational view of the insert portion of the fabric turner, with the rear, right side, and left side elevational views being readily discernible therefrom;

FIG. 8 is a bottom plan view of FIG. 7;

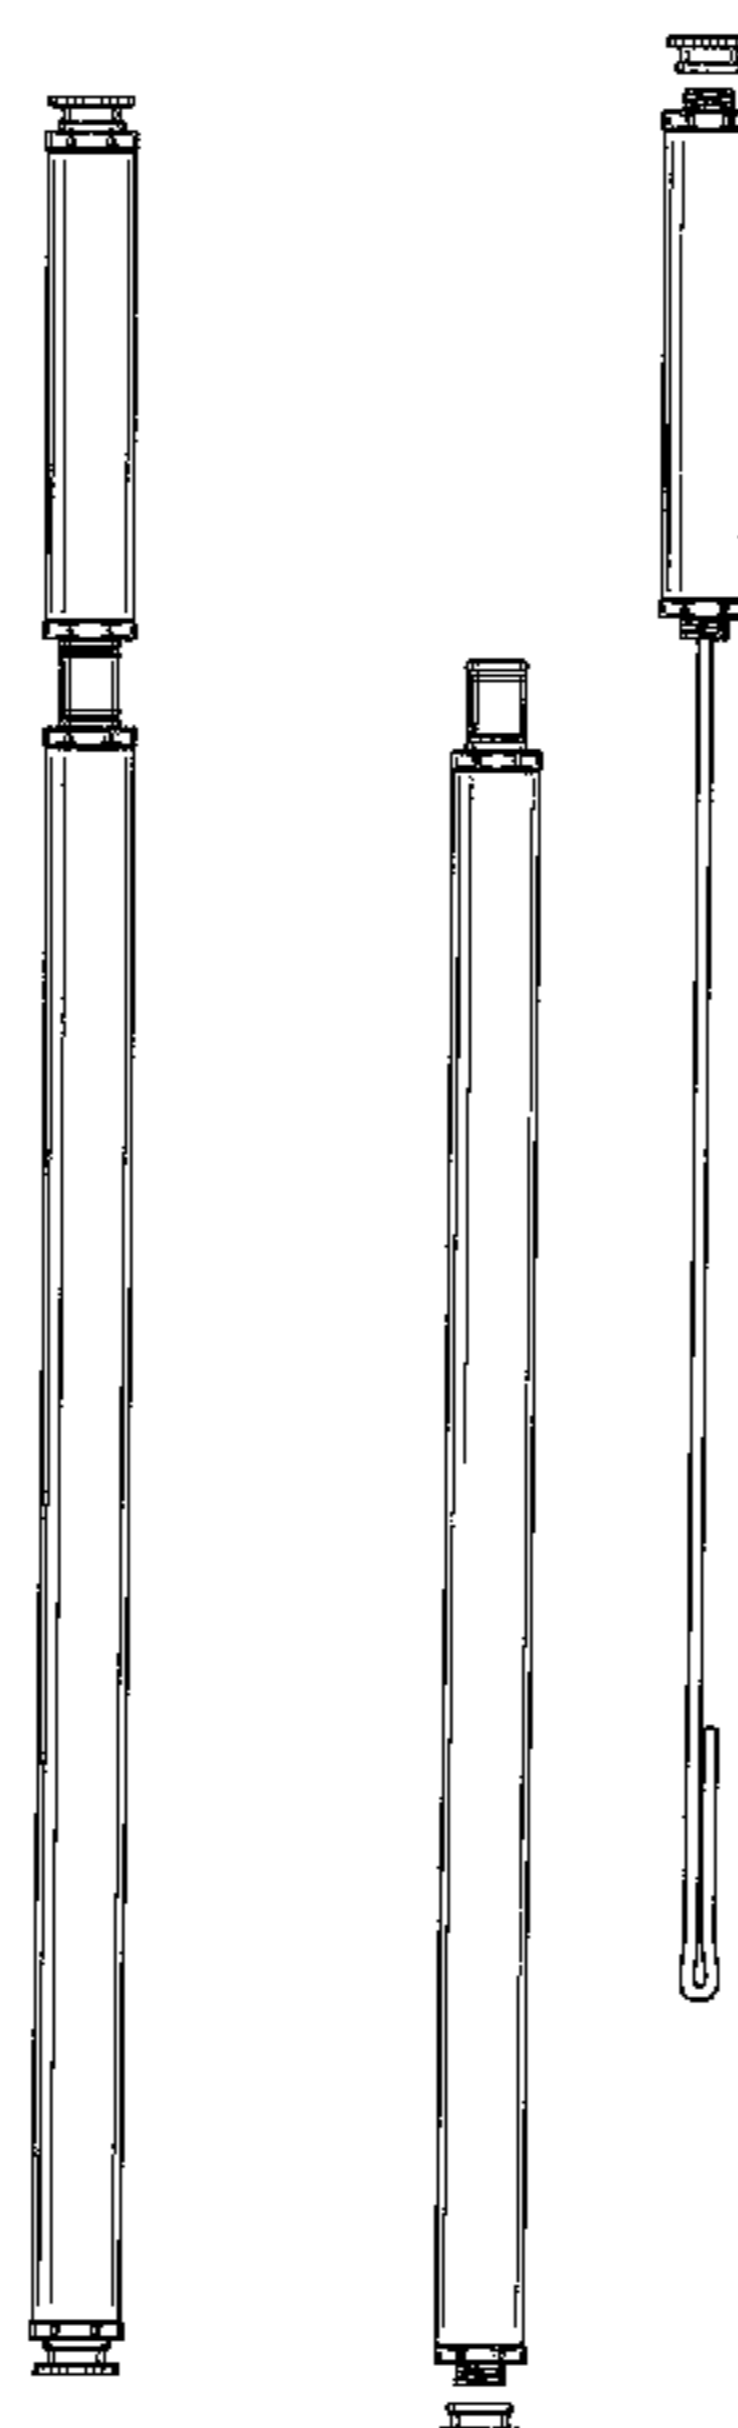

FIG. 9 is a front elevational view of FIG. 1 with the insert portion partially extended from the housing;

FIG. 10 is a front elevational view in an exploded condition;

FIG. 11 is a front elevational view with the insert portion of the fabric turner in a reversed position; and,

FIG. 12 is a front elevational view with the top of the insert portion attached to the top of the housing portion for the purpose of creating an extended handle therefor.
