(57) **CLAIM**

The ornamental design for a button actuator array for a game terminal, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view of a first embodiment of my new button actuator array for a game terminal with environmental structure shown in dashed lines;
FIG. **2** is a front view of the first embodiment and environmental structure shown in FIG. **1**;
FIG. **3** is a back view of the environmental structure of FIG. **1**;
FIG. **4** is a side view of the environmental structure of FIG. **1**;
FIG. **5** is a side view of the environmental structure of FIG. **1**;
FIG. **6** is a top view of the first embodiment and environmental structure shown in FIG. **1**;
FIG. **7** is a bottom view of the environmental structure of FIG. **1**;
FIG. **8** is a perspective view of a second embodiment of my new button actuator array for a game terminal with environmental structure shown in dashed lines;
FIG. **9** is a front view of the second embodiment and environmental structure shown in FIG. **8**;
FIG. **10** is a back view of the environmental structure of FIG. **8**;
FIG. **11** is a side view of the environmental structure of FIG. **8**;
FIG. **12** is a side view of the environmental structure of FIG. **8**;
FIG. **13** is a top view of the second embodiment and environmental structure shown in FIG. **8**;
FIG. **14** is a bottom view of the environmental structure of FIG. **8**;
FIG. **15** is a perspective view of a third embodiment of my new button actuator array for a game terminal with environmental structure shown in dashed lines;
FIG. **16** is a front view of the third embodiment and environmental structure shown in FIG. **15**;
FIG. **17** is a back view of the environmental structure of FIG. **15**;
FIG. **18** is a side view of the environmental structure of FIG. **15**;
FIG. **19** is a side view of the environmental structure of FIG. **15**;
FIG. **20** is a top view of the third embodiment and environmental structure shown in FIG. **15**;
FIG. **21** is a bottom view of the environmental structure of FIG. **15**;
FIG. **22** is a perspective view of a fourth embodiment of my new button actuator array for a game terminal with environmental structure shown in dashed lines;
FIG. **23** is a front view of the fourth embodiment and environmental structure shown in FIG. **22**;

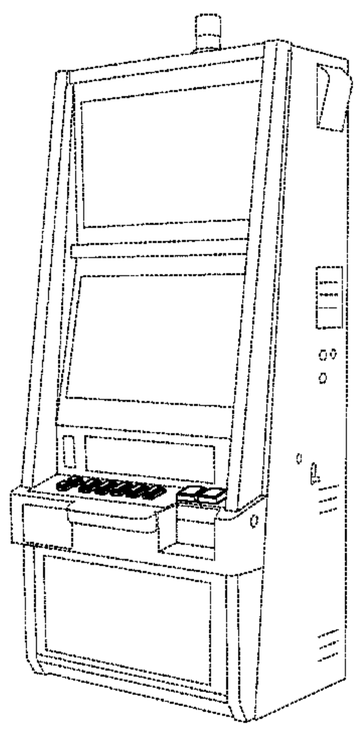

FIG. **24** is a back view of the environmental structure of FIG. **22**;
FIG. **25** is a side view of the environmental structure of FIG. **22**;
FIG. **26** is a side view of the environmental structure of FIG. **22**;
FIG. **27** is a top view of the fourth embodiment and environmental structure shown in FIG. **22**; and,
FIG. **28** is a bottom view of the environmental structure of FIG. **22**.

The broken lines in the drawings represent unclaimed environmental subject matter illustrating the design in use and form no part of the claim.
