(57) **CLAIM**

The ornamental design for an electronic display device bracket, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an electronic display device bracket showing the new design; FIG. 2 is a right side elevational view of the new design (the left side elevational view is a mirror image of FIG. 2); FIG. 3 is a front elevational view of the new design; FIG. 4 is a top plan view of the new design; FIG. 5 is rear elevational view of the new design; and, FIG. 6 is a bottom plan view of the new design. The broken lines which appear in FIGS. 1-6 are included for the purpose of illustrating environment and form no part of the claimed design.

1 Claim, 1 Drawing Sheet
