(57) **CLAIM**  
The ornamental design for a display screen with color graphical user interface, as shown and described.

**DESCRIPTION**

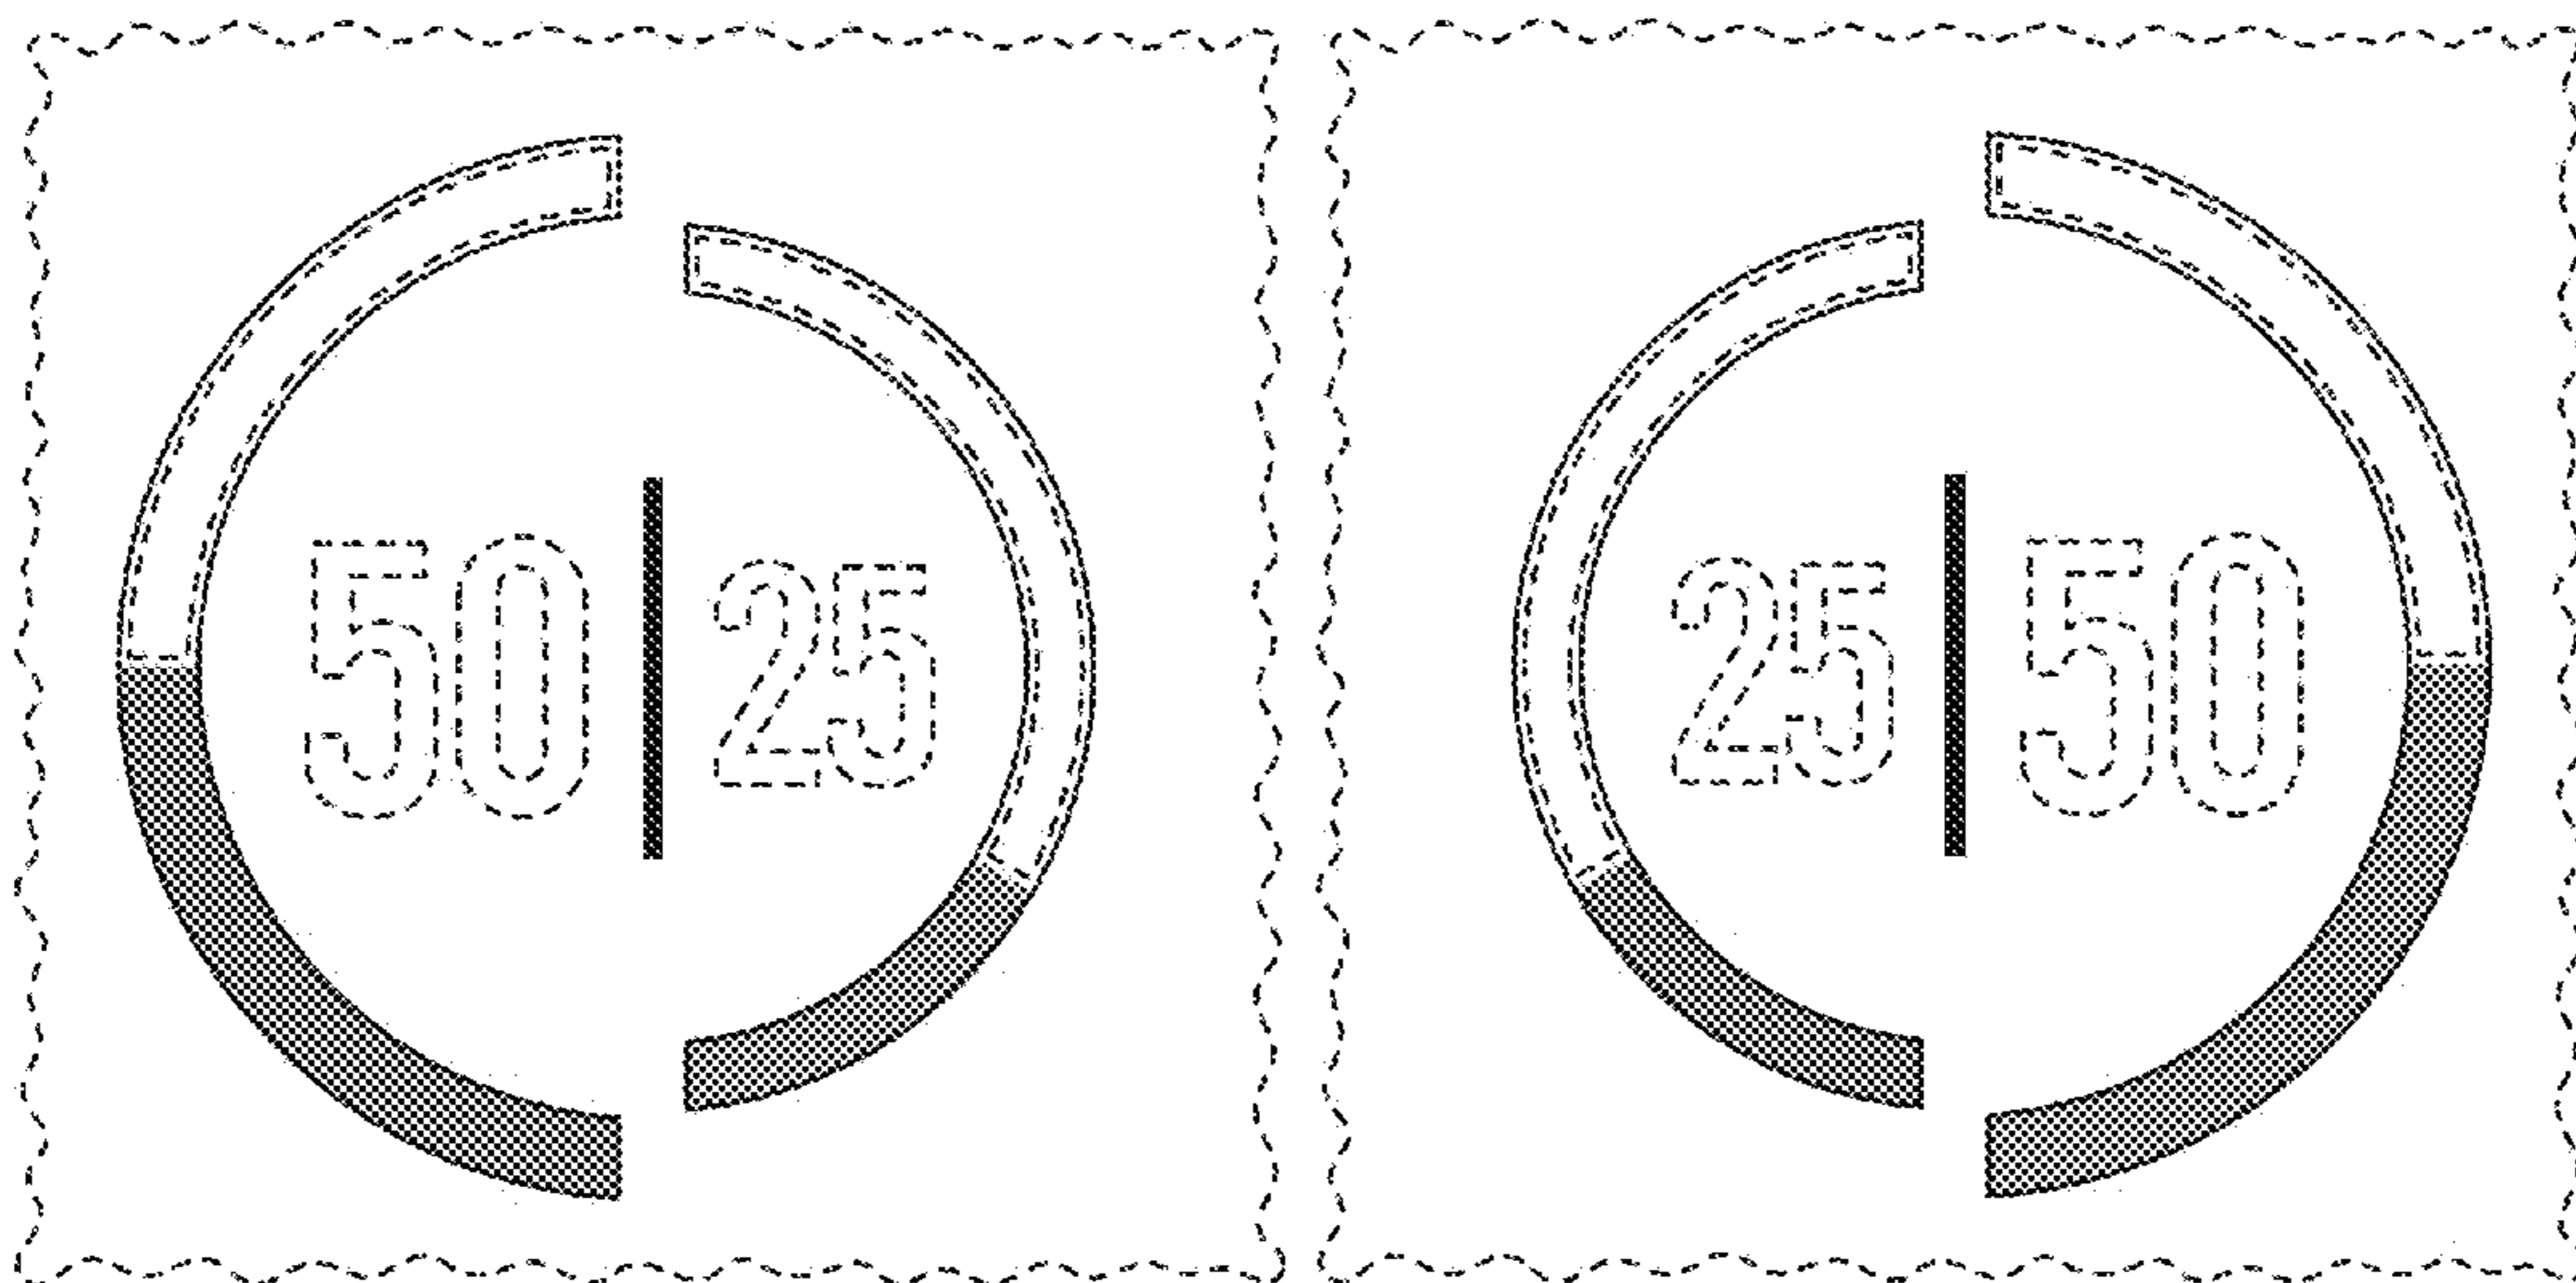

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application with color drawings(s) will be provided by the Office upon request and payment of the necessary fee.  
FIG. 1 is a front view of a display screen with color graphical user interface showing our new design; and,  
FIG. 2 is a front view of a display screen with color graphical user interface showing an alternate embodiment of our new design.  
The broken line showing of the remainder of the user interface and the display screen is for environmental purposes only and forms no part of the claimed design.
