(57) **CLAIM**

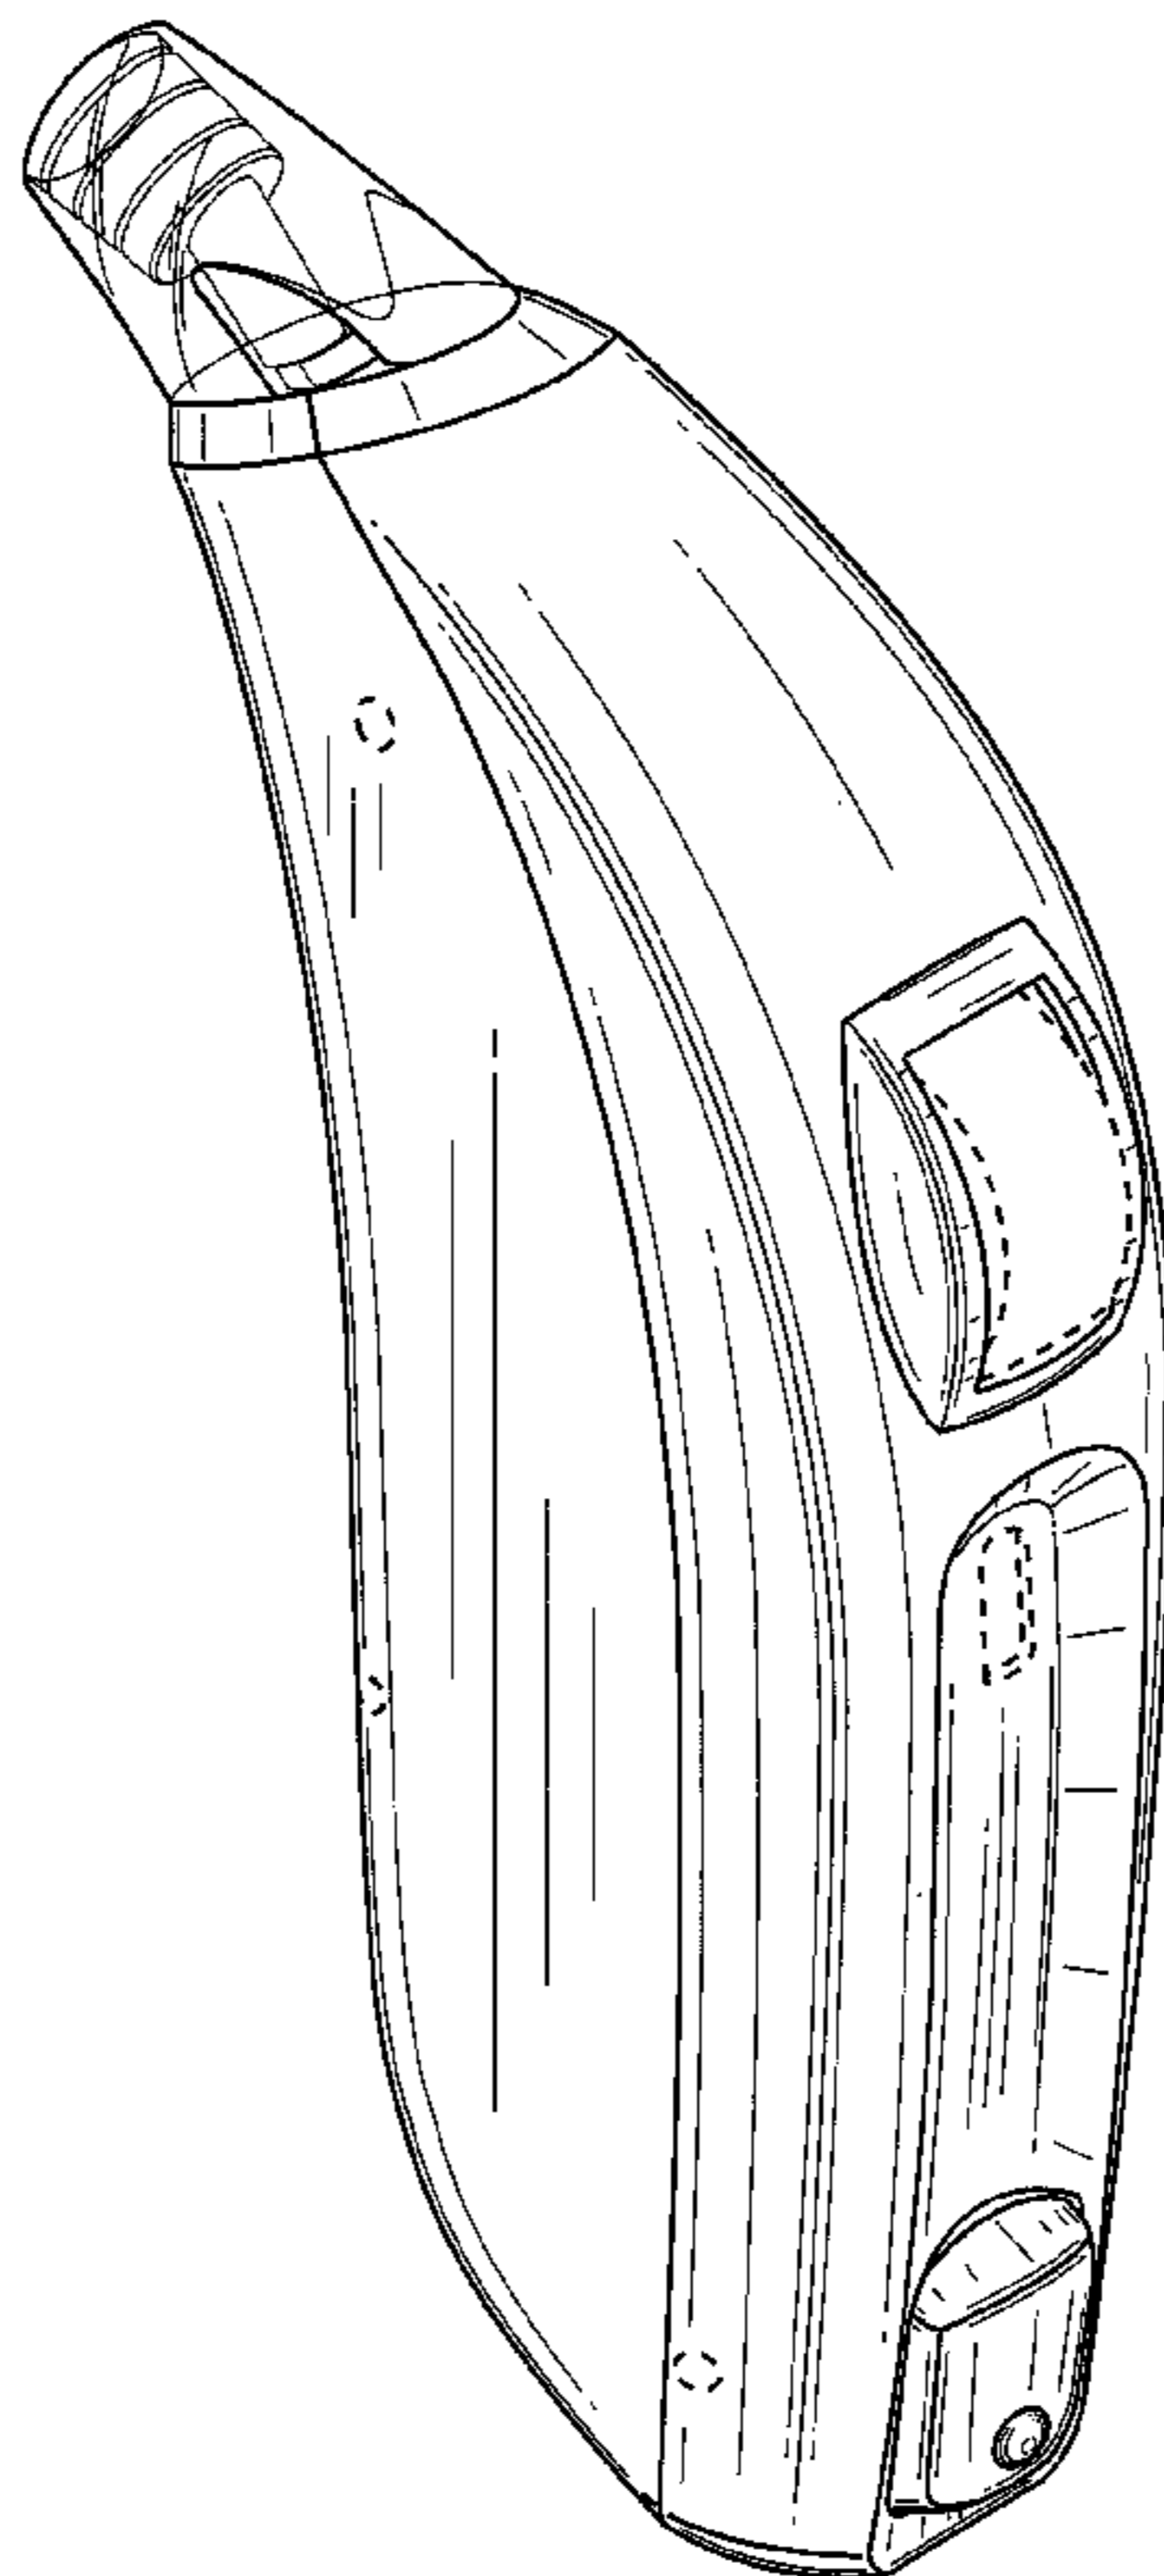

The ornamental design for an assistive listening device, as shown and described.

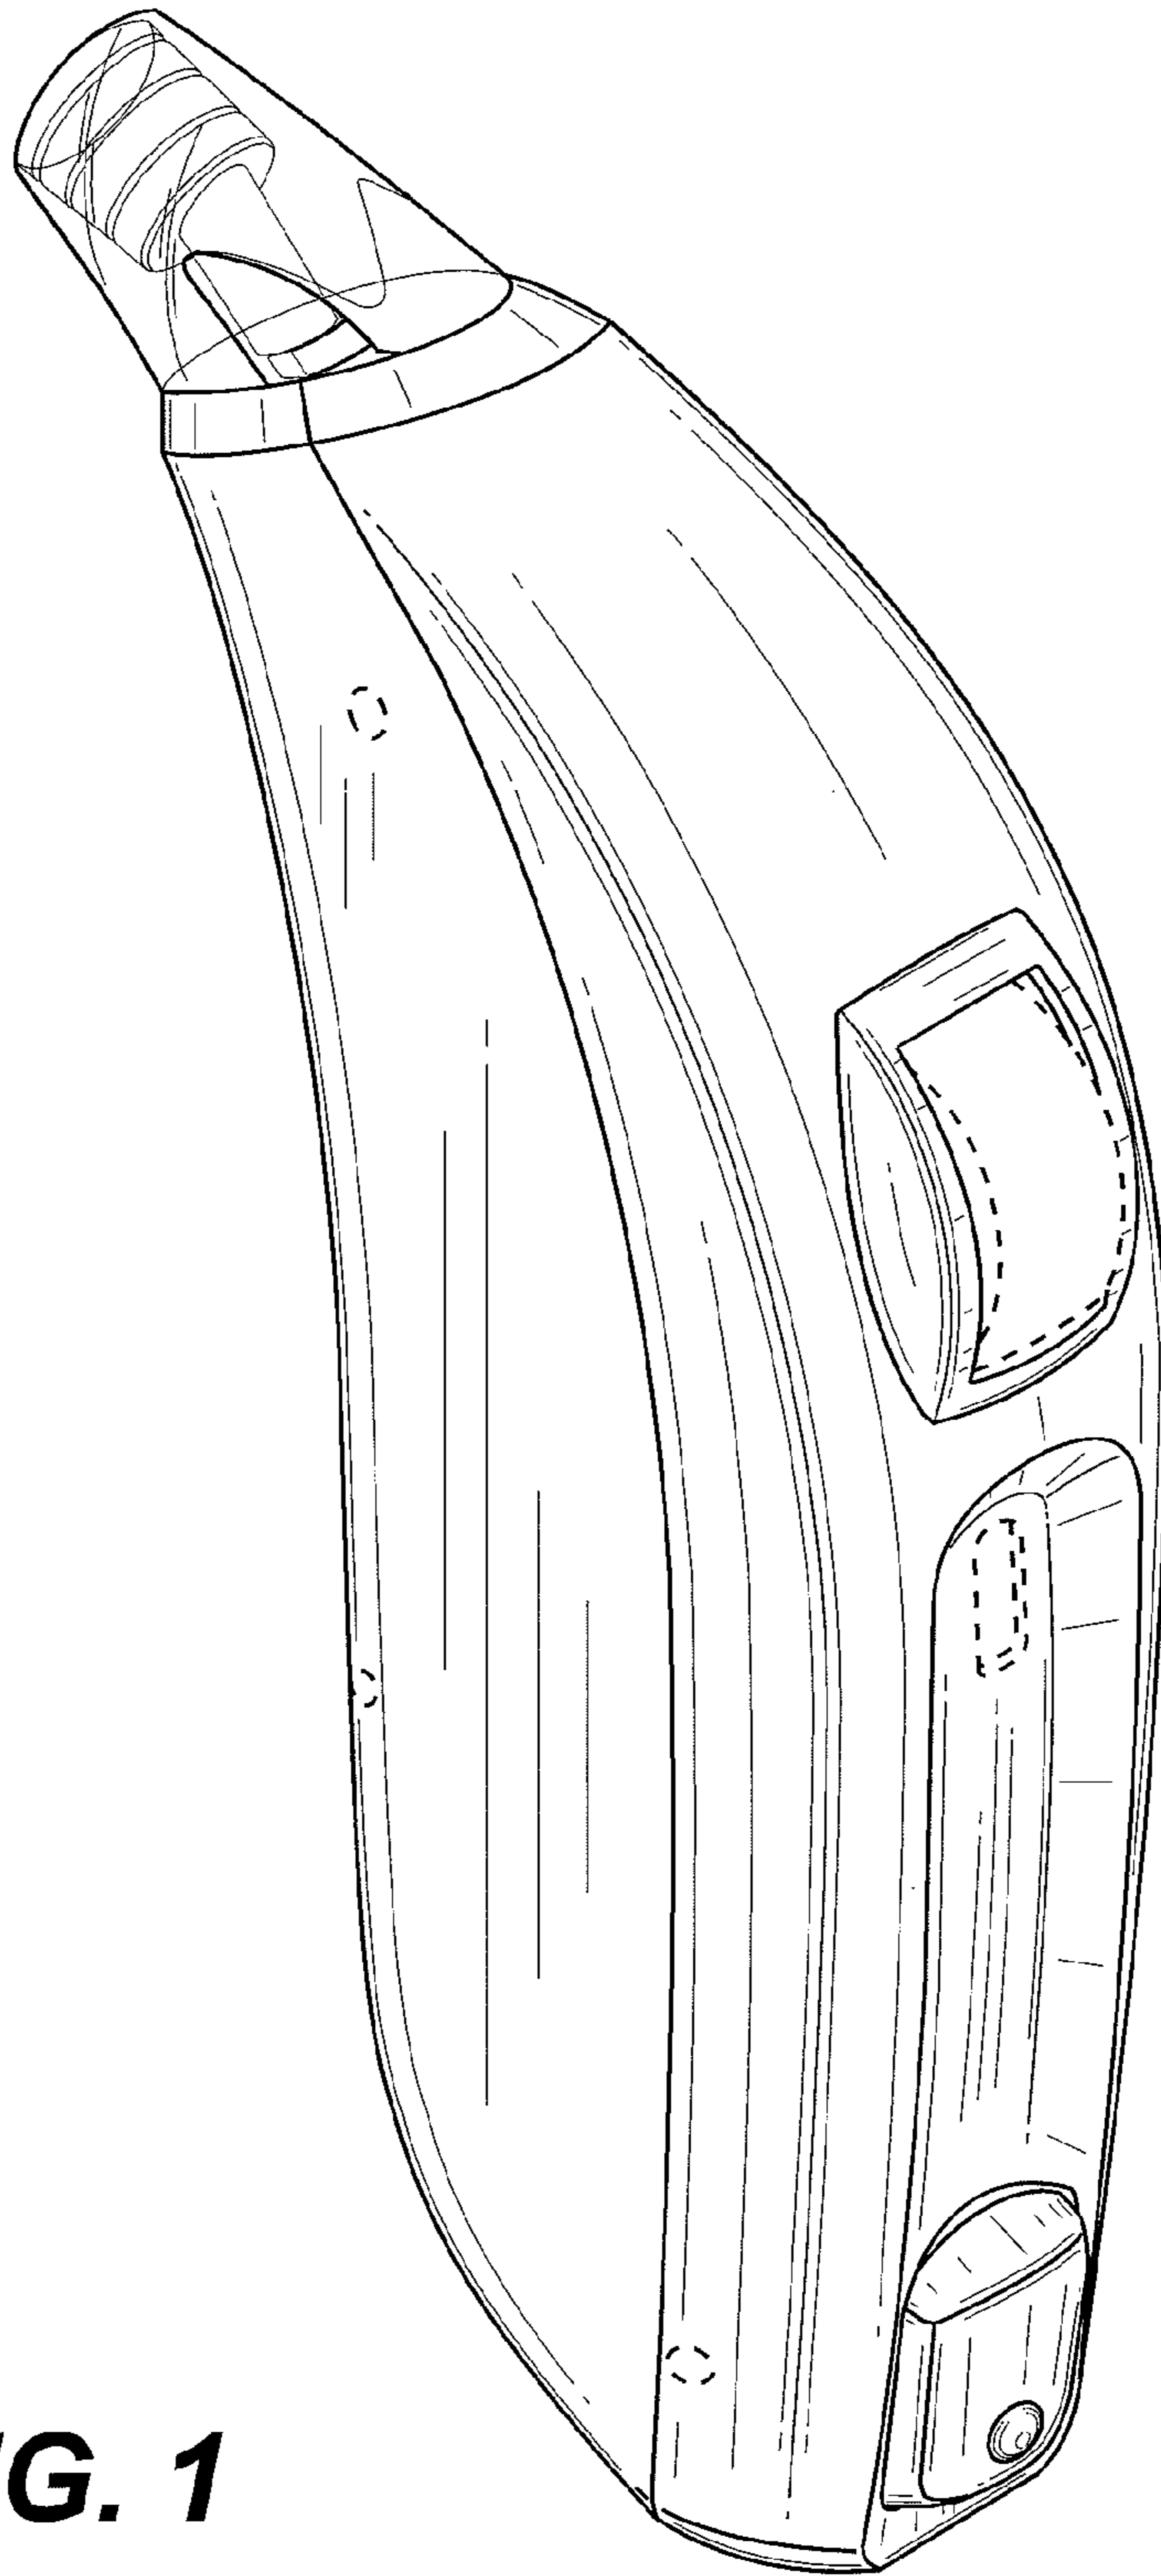

**DESCRIPTION**

FIG. 1 is a perspective view of the assistive listening device; FIG. 2 is a rear view of the assistive listening device; FIG. 3 is a front view of the assistive listening device; FIG. 4 is a right side view of the assistive listening device; FIG. 5 is a left side view of the assistive listening device; FIG. 6 is a top side view of the assistive listening device; and, FIG. 7 is a bottom view of the assistive listening device. The broken lines in the drawings are for purposes of illustration and form no part of the claimed design.
