(57) **CLAIM**

The ornamental design for a bristled grooming glove, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a bristled grooming glove showing my new design in which a closure is shown partially opened and showing, in phantom lines, an expansion slot for receiving different size hands;

FIG. 2 is a reduced left side view of FIG. 1, except that the closure is now shown in a closed position;

FIG. 3 is a reduced right side view of FIG. 2;

FIG. 4 is a reduced top plan view of FIG. 2;

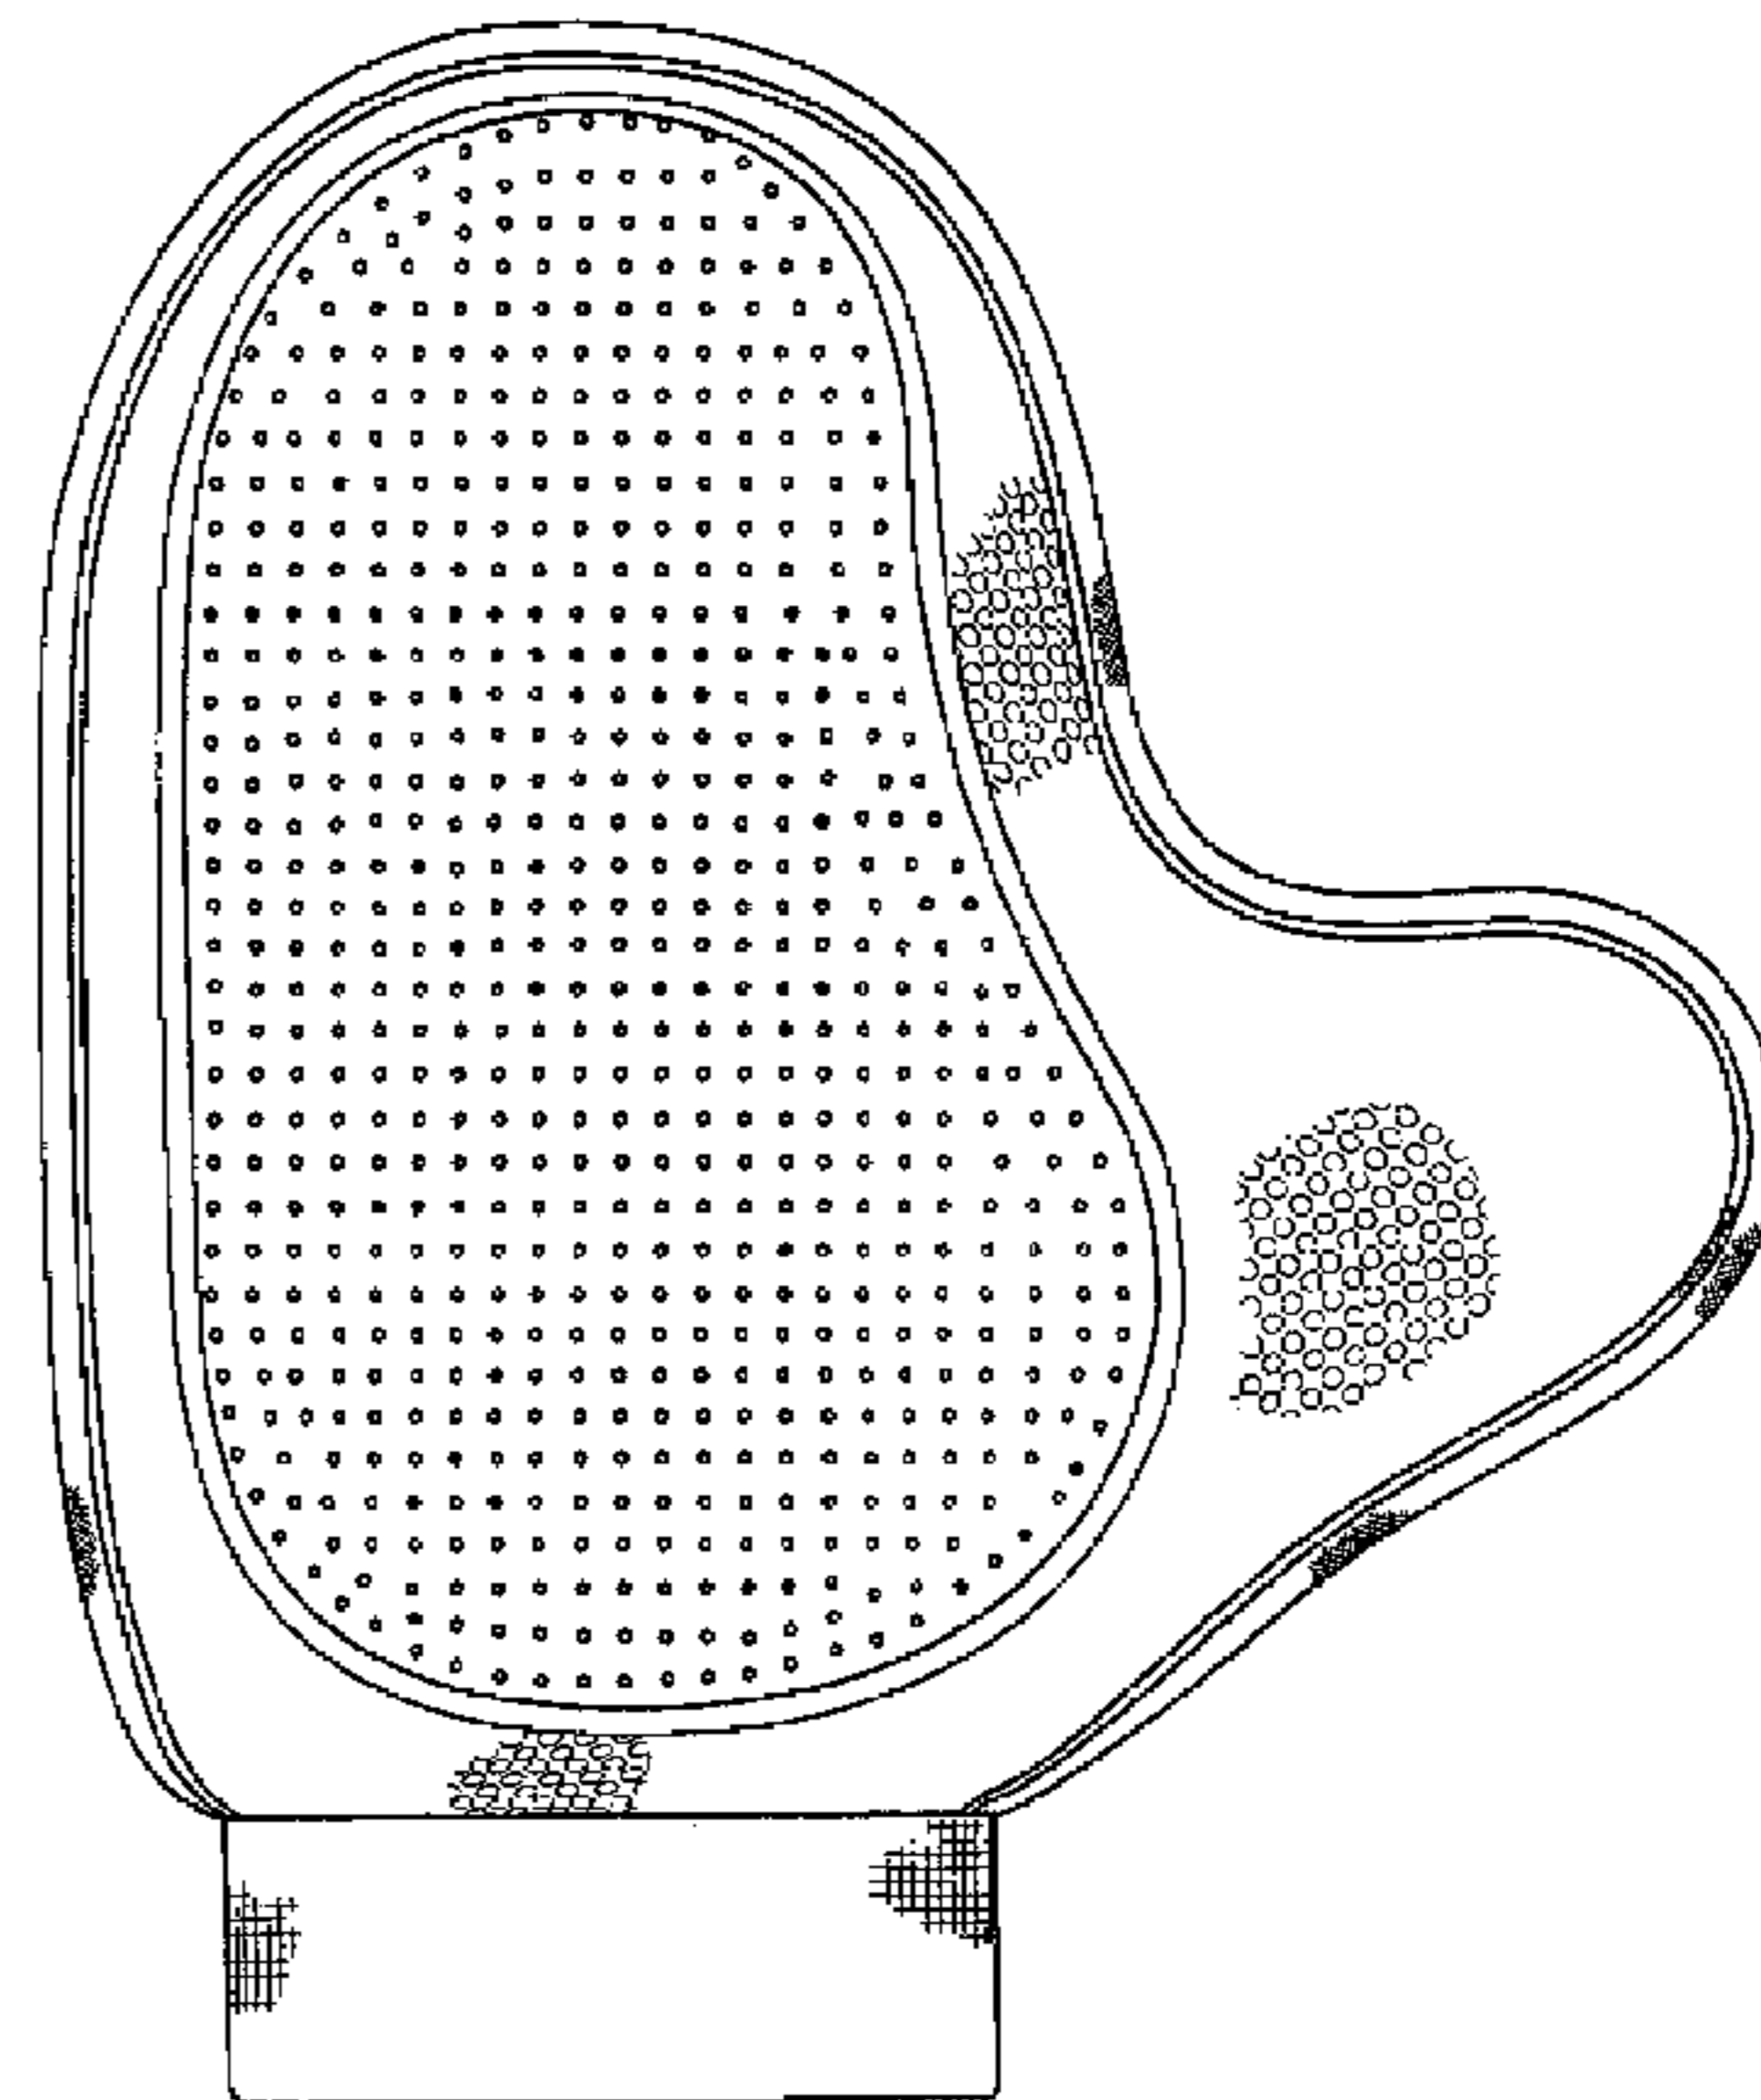

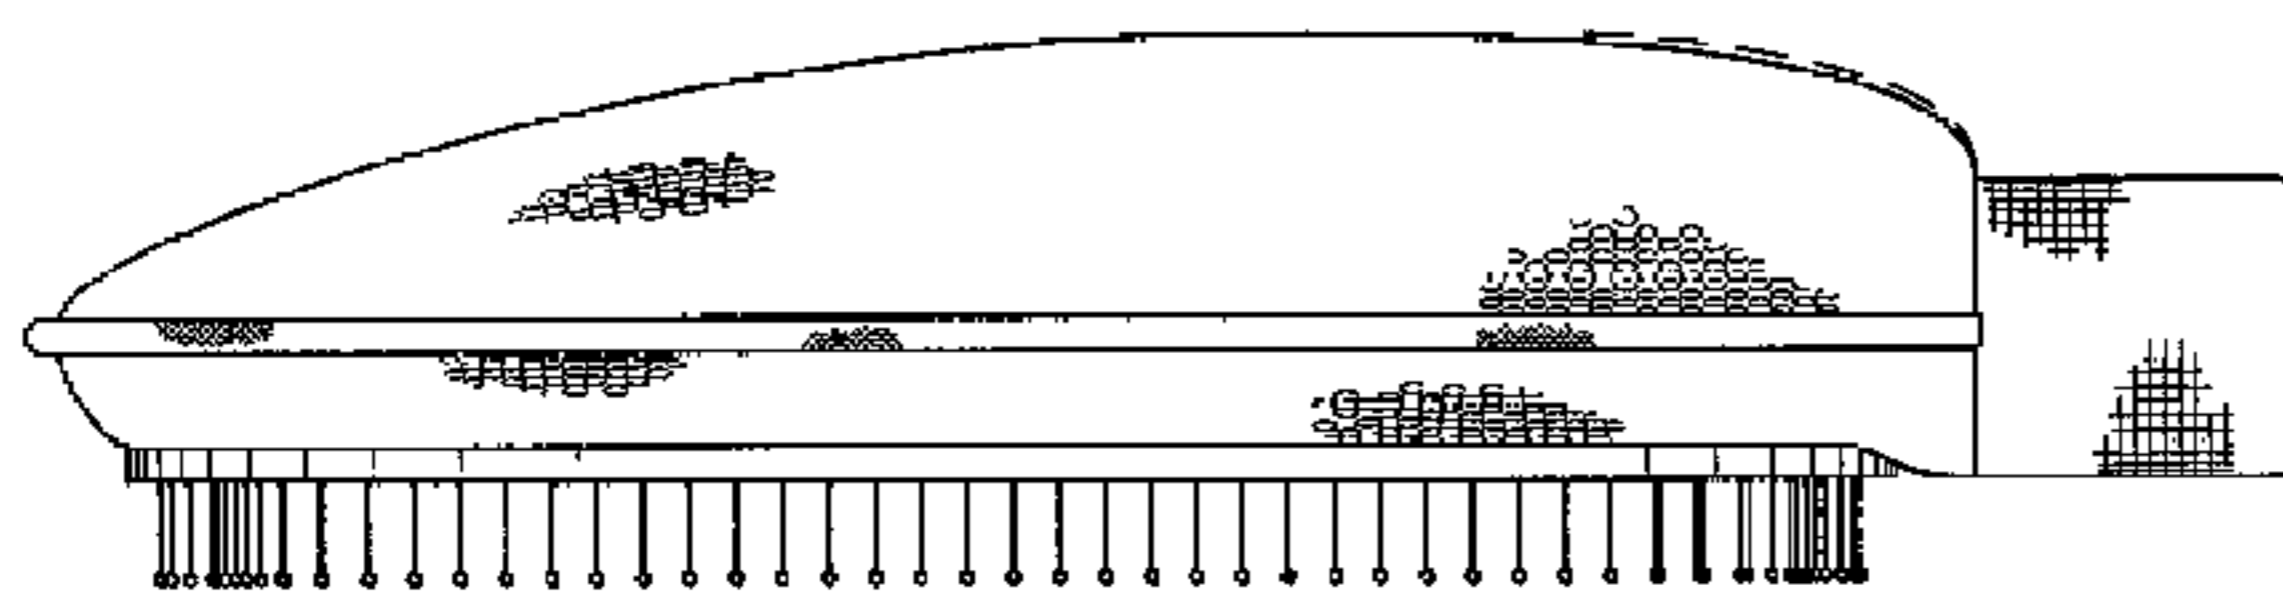

FIG. 5 is a reduced bottom plan view of FIG. 2;

FIG. 6 is a reduced front end view of FIG. 2; and,

FIG. 7 is a reduced rear end view of FIG. 2.

The broken line shown about the border of the glove in FIGS. 1, 4, and 5 represents stitching. The broken lines showing an expansion slot illustrate a portion grooming glove that forms no part of the claimed design. The pattern of circles and the cross-hatching are partially shown for ease of illustration and are understood to continue throughout the surface on which they appear.
