(57) **CLAIM**
The ornamental design for a portion of a display with a graphical user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but otherwise reserves all other copyright rights whatsoever.

FIG. 1 is a front view of a portion of a display with a graphical user interface showing our new design;
FIG. 2 is a front view thereof, shown in the context of different placement in the environment; and,
FIG. 3 is a front view thereof, shown in the context of different placement in the environment.

The broken line showings of the display and various elements of the graphical user interface are for the purpose of illustrating environmental structure and portions of the portion of a display with a graphical user interface and form no part of the claimed design.
