(57) **CLAIM**

The ornamental design for an enclosure for an air supply component for a portable hemodialysis system, as shown and described.

**DESCRIPTION**

FIG. 1 is a top, front, right-side perspective view of the enclosure for an air supply component for a portable hemodialysis system;

FIG. 2 is a top, rear, left-side perspective view of the enclosure for an air supply component for a portable hemodialysis system;

FIG. 3 is a front elevational view of the enclosure for an air supply component for a portable hemodialysis system;

FIG. 4 is a rear elevational view of the enclosure for an air supply component for a portable hemodialysis system;

FIG. 5 is a left-side elevational view of the enclosure for an air supply component for a portable hemodialysis system, the right-side being a mirror image thereof;

FIG. 6 is a top plan view of the enclosure for an air supply component for a portable hemodialysis system; and,

FIG. 7 is a bottom plan view of the enclosure for an air supply component for a portable hemodialysis system.

The broken lines shown are included for the purpose of illustrating portions of the enclosure that form no part of the claimed design.

**1 Claim, 6 Drawing Sheets**
