(57) **CLAIM**

The ornamental design for a retainer for linear motion guide unit, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a retainer for linear motion guide unit showing my new design;
FIG. 2 is a front view thereof, and a rear view appears the same as the front view;
FIG. 3 is a left side view thereof, and a right side view appears the same as the left side view;
FIG. 4 is a top view thereof, and a bottom view appears the same as the top view; and,
FIG. 5 is a cross sectional view taken along line 5-5 of FIG. 4.
