(57) **CLAIM**

The ornamental design for an oxygen sensing probe, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the oxygen sensing probe. FIG. 2 is a top plan view of the oxygen sensing probe. FIG. 3 is a bottom view of the oxygen sensing probe. FIG. 4 is a right side view of the oxygen sensing probe. FIG. 5 is a left side view of the oxygen sensing probe. FIG. 6 is a rear elevational view of the oxygen sensing probe; and, FIG. 7 is a front elevational view of the oxygen sensing probe. The broken lines of FIGS. 1-7 are included for the purpose of illustrating environmental structure and form no part of the claimed design.
