FIG. 1 is a top rear perspective view of a lower body garment gusset panel of the present invention, as it may be used in an undergarment;
FIG. 2 is a plan enlarged view of the claimed lower body garment gusset panel design; and,
FIG. 3 is a top rear perspective view of the claimed lower body garment gusset panel design, as it may be used in an undergarment.
The broken lines shown on the lower body garment gusset panel and on the undergarment represent unclaimed features. The hatching shown in the drawings, while shown intermittently, is understood to cover the surface upon which it is applied in its entirety, up to but not including unclaimed edges.
