(57) **CLAIM**  
The ornamental design for a container with retaining device, as shown and described.

**DESCRIPTION**

FIG. 1 is a bottom, right, front perspective view of a container with retaining device embodying our new design; FIG. 2 is a right elevational view thereof, the left elevational view being identical to the right elevational view; FIG. 3 is a front elevational view thereof, the rear elevational view being identical to the front elevational view; FIG. 4 is a top plan view thereof; and, FIG. 5 is a bottom plan view thereof. The broken line representations in the views are for illustrative purposes only and form no part of the claimed design.
