(57) **CLAIM**

The ornamental design for a brake caliper, as shown and described.

**DESCRIPTION**

FIG. 1 is a front isometric view of a brake caliper, according to a first embodiment.

FIG. 2 is a rear isometric view thereof;

FIG. 3 is a front elevation view thereof;

FIG. 4 is a rear elevation view thereof;

FIG. 5 is a top plan view thereof;

FIG. 6 is a bottom plan view thereof;

FIG. 7 is an end elevation view thereof;

FIG. 8 is an opposing end elevation view thereof;

FIG. 9 is a front isometric view of a brake caliper, according to a second embodiment, the only difference being the indicia on the front face, it being understood that all other views are the same as those of the first embodiment; and,

FIG. 10 is a front elevation view thereof.

The broken lines shown in the drawings illustrate environmental structure of brake pads, a brake rotor and a brake rotor hat, associated with the brake caliper and form no part of the claimed design.
