(57) **CLAIM**

The ornamental designs for hockey training devices, as shown and described.

DESCRIPTION

FIG. 1 a perspective view of a hockey training device according to the present invention;

FIG. 2 is a top elevational view of the hockey training device shown in FIG. 1.

FIG. 3 is a front elevational view of the hockey training device shown in FIG. 1.

FIG. 4 is a bottom elevational view of the hockey training device shown in FIG. 1.

FIG. 5 is a side elevational view of the hockey training device shown in FIG. 1, wherein an opposing side elevational view of the hockey training device is substantially identical.

FIG. 6 is a rear elevational view of the hockey training device shown in FIG. 1.

FIG. 7 is a perspective view of a second embodiment of a hockey training device;

FIG. 8 is a top elevational view of the hockey training device shown in FIG. 7.

FIG. 9 is a perspective view of a third embodiment of a hockey training device; and,

FIG. 10 is a top elevational view of the hockey training device shown in FIG. 9.
