(57) **CLAIM**

The ornamental design for cyclic and collective controls, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of cyclic and collective controls showing our new design;
FIG. 2 is a front elevational view thereof;
FIG. 3 is a rear elevational view thereof;
FIG. 4 is a right side elevational view thereof;
FIG. 5 is a left side elevational view thereof;
FIG. 6 is a top plan view thereof;
FIG. 7 is a bottom plan view thereof; and,
FIG. 8 is a rear perspective view thereof.

The broken line showing of structural elements is included for the purpose of illustrating portions of the cyclic and collective controls that form no part of the claimed design.

The broken lines encircling the inside and outside of the ovoid portion on the rear of the cyclic and collective controls in FIGS. 3 and 8 have been shown for the purpose of defining boundaries, the area within which forms no part of the claimed design.

1 Claim, 8 Drawing Sheets
