(57) **CLAIM**

The ornamental design for a motion activated wireless illuminating sign, as shown and described.

DESCRIPTION

FIG. 1 is a rear view of a motion activated wireless illuminating sign showing my new design;

FIG. 2 is a front view of the motion activated wireless illuminating sign;

FIG. 3 is an enlarged bottom view of the motion activated wireless illuminating sign with the sign insert removed for clarity of illustration;

FIG. 4 is an enlarged top view of the motion activated wireless illuminating sign with the sign insert removed for clarity of illustration;

FIG. 5 is a reduced scale left side view of the motion activated wireless illuminating sign with the sign insert removed for clarity of illustration;

FIG. 6 is a reduced scale right side view of the motion activated wireless illuminating sign with the sign insert removed for clarity of illustration;

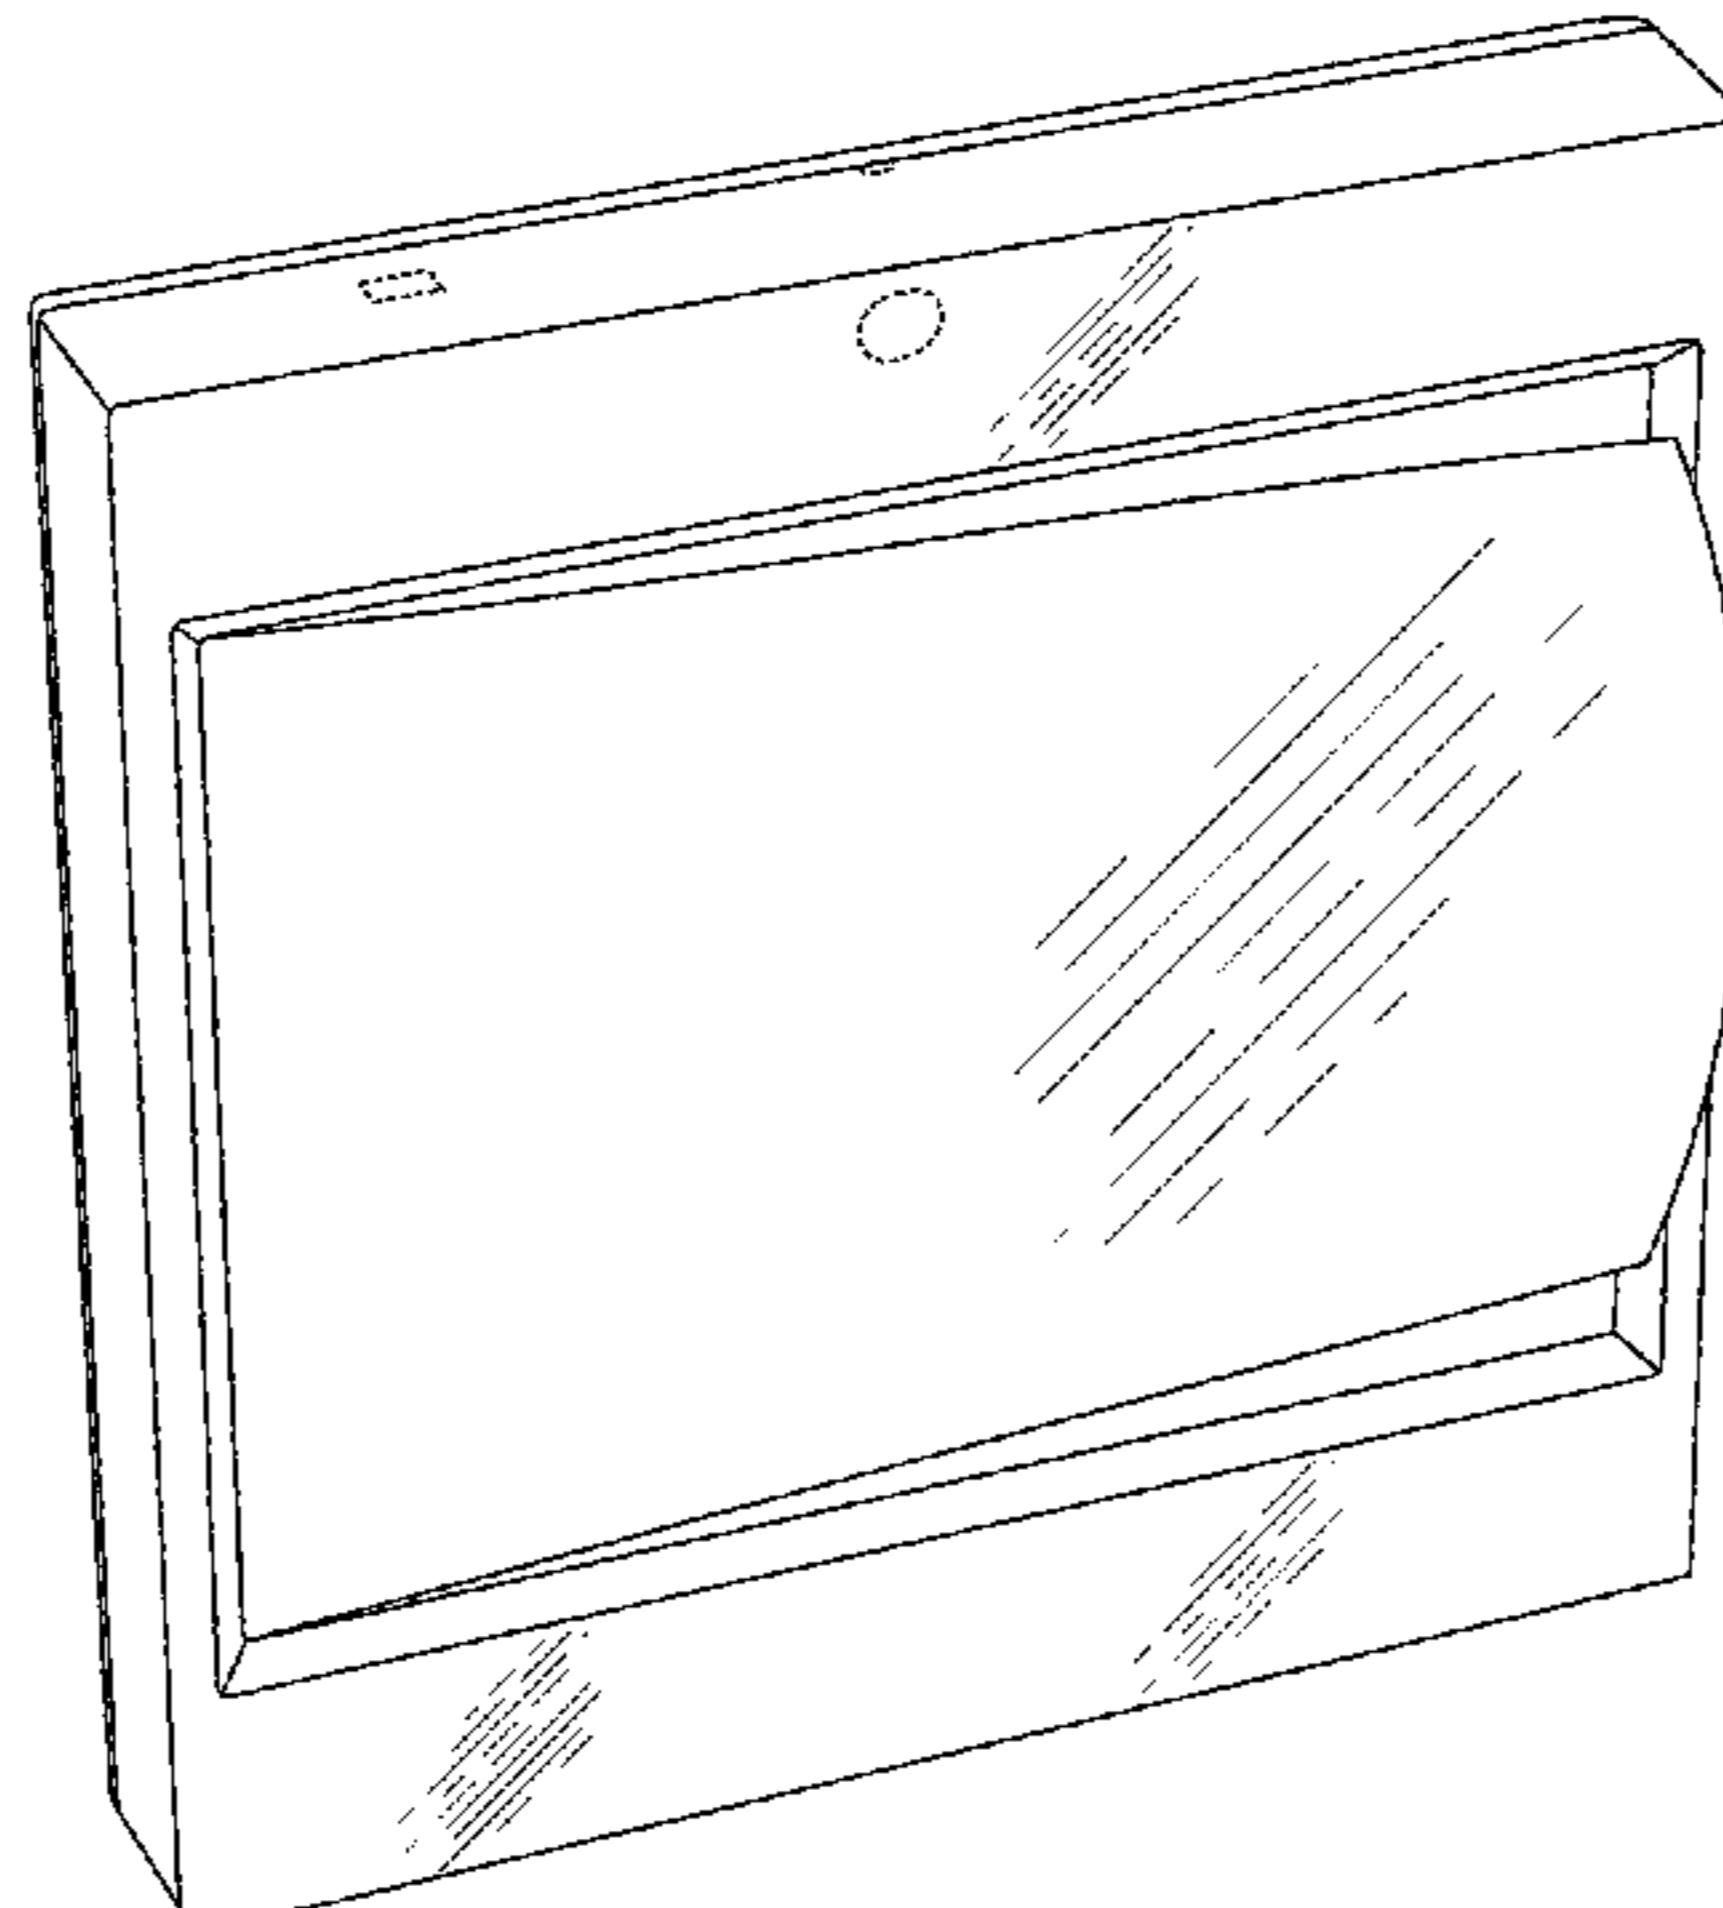

FIG. 7 is a perspective view of the motion activated wireless illuminating sign showing the sign insert in a partially inserted position.

FIG. 8 is a front view of the sign insert; and,

FIG. 9 is a rear view of the sign insert.

The broken lines shown are for illustrative purposes only and form no part of the claimed design.
