Primary Examiner — Freda S Nunn

(57) **CLAIM**
The ornamental design for a digital display, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the new design for a digital display having a circumferential visual orientation;
 FIG. 2 is a rear view of the new design for a digital display having a circumferential visual orientation;
 FIG. 3 is a left side view of the new design for a digital display having a circumferential visual orientation, the right side being symmetrical;
 FIG. 4 is a top view of the new design for a digital display having a circumferential visual orientation the bottom view being symmetrical; and,
 FIG. 5 is a perspective front view of the new design for a digital display having a circumferential visual orientation.
 The broken lines shown in FIGS. 1 and 5 represent the bounds of the claimed design, and form no part of the claimed design.
