The broken line showing of the display screen is for the purpose of illustrating environmental structure and forms no part of the claimed design. The broken line showing the remainder of the image in all views illustrates unclaimed portions of the design and forms no part thereof.  
The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-5 of the first embodiment and FIGS. 6-10 of the second embodiment. The process or period in which one image transitions to another image forms no part of the claimed design.
