(57) **CLAIM**

The ornamental design for an industrial and medical textile,
as shown and described.

DESCRIPTION

FIG. 1 is a top view of the industrial and medical textile.

FIG. 2 is a perspective view of the design of FIG. 1 shown in
an unclaimed environment of use curving around an edge to
indicate the height and shape of the parallel ridges of the
design; and,

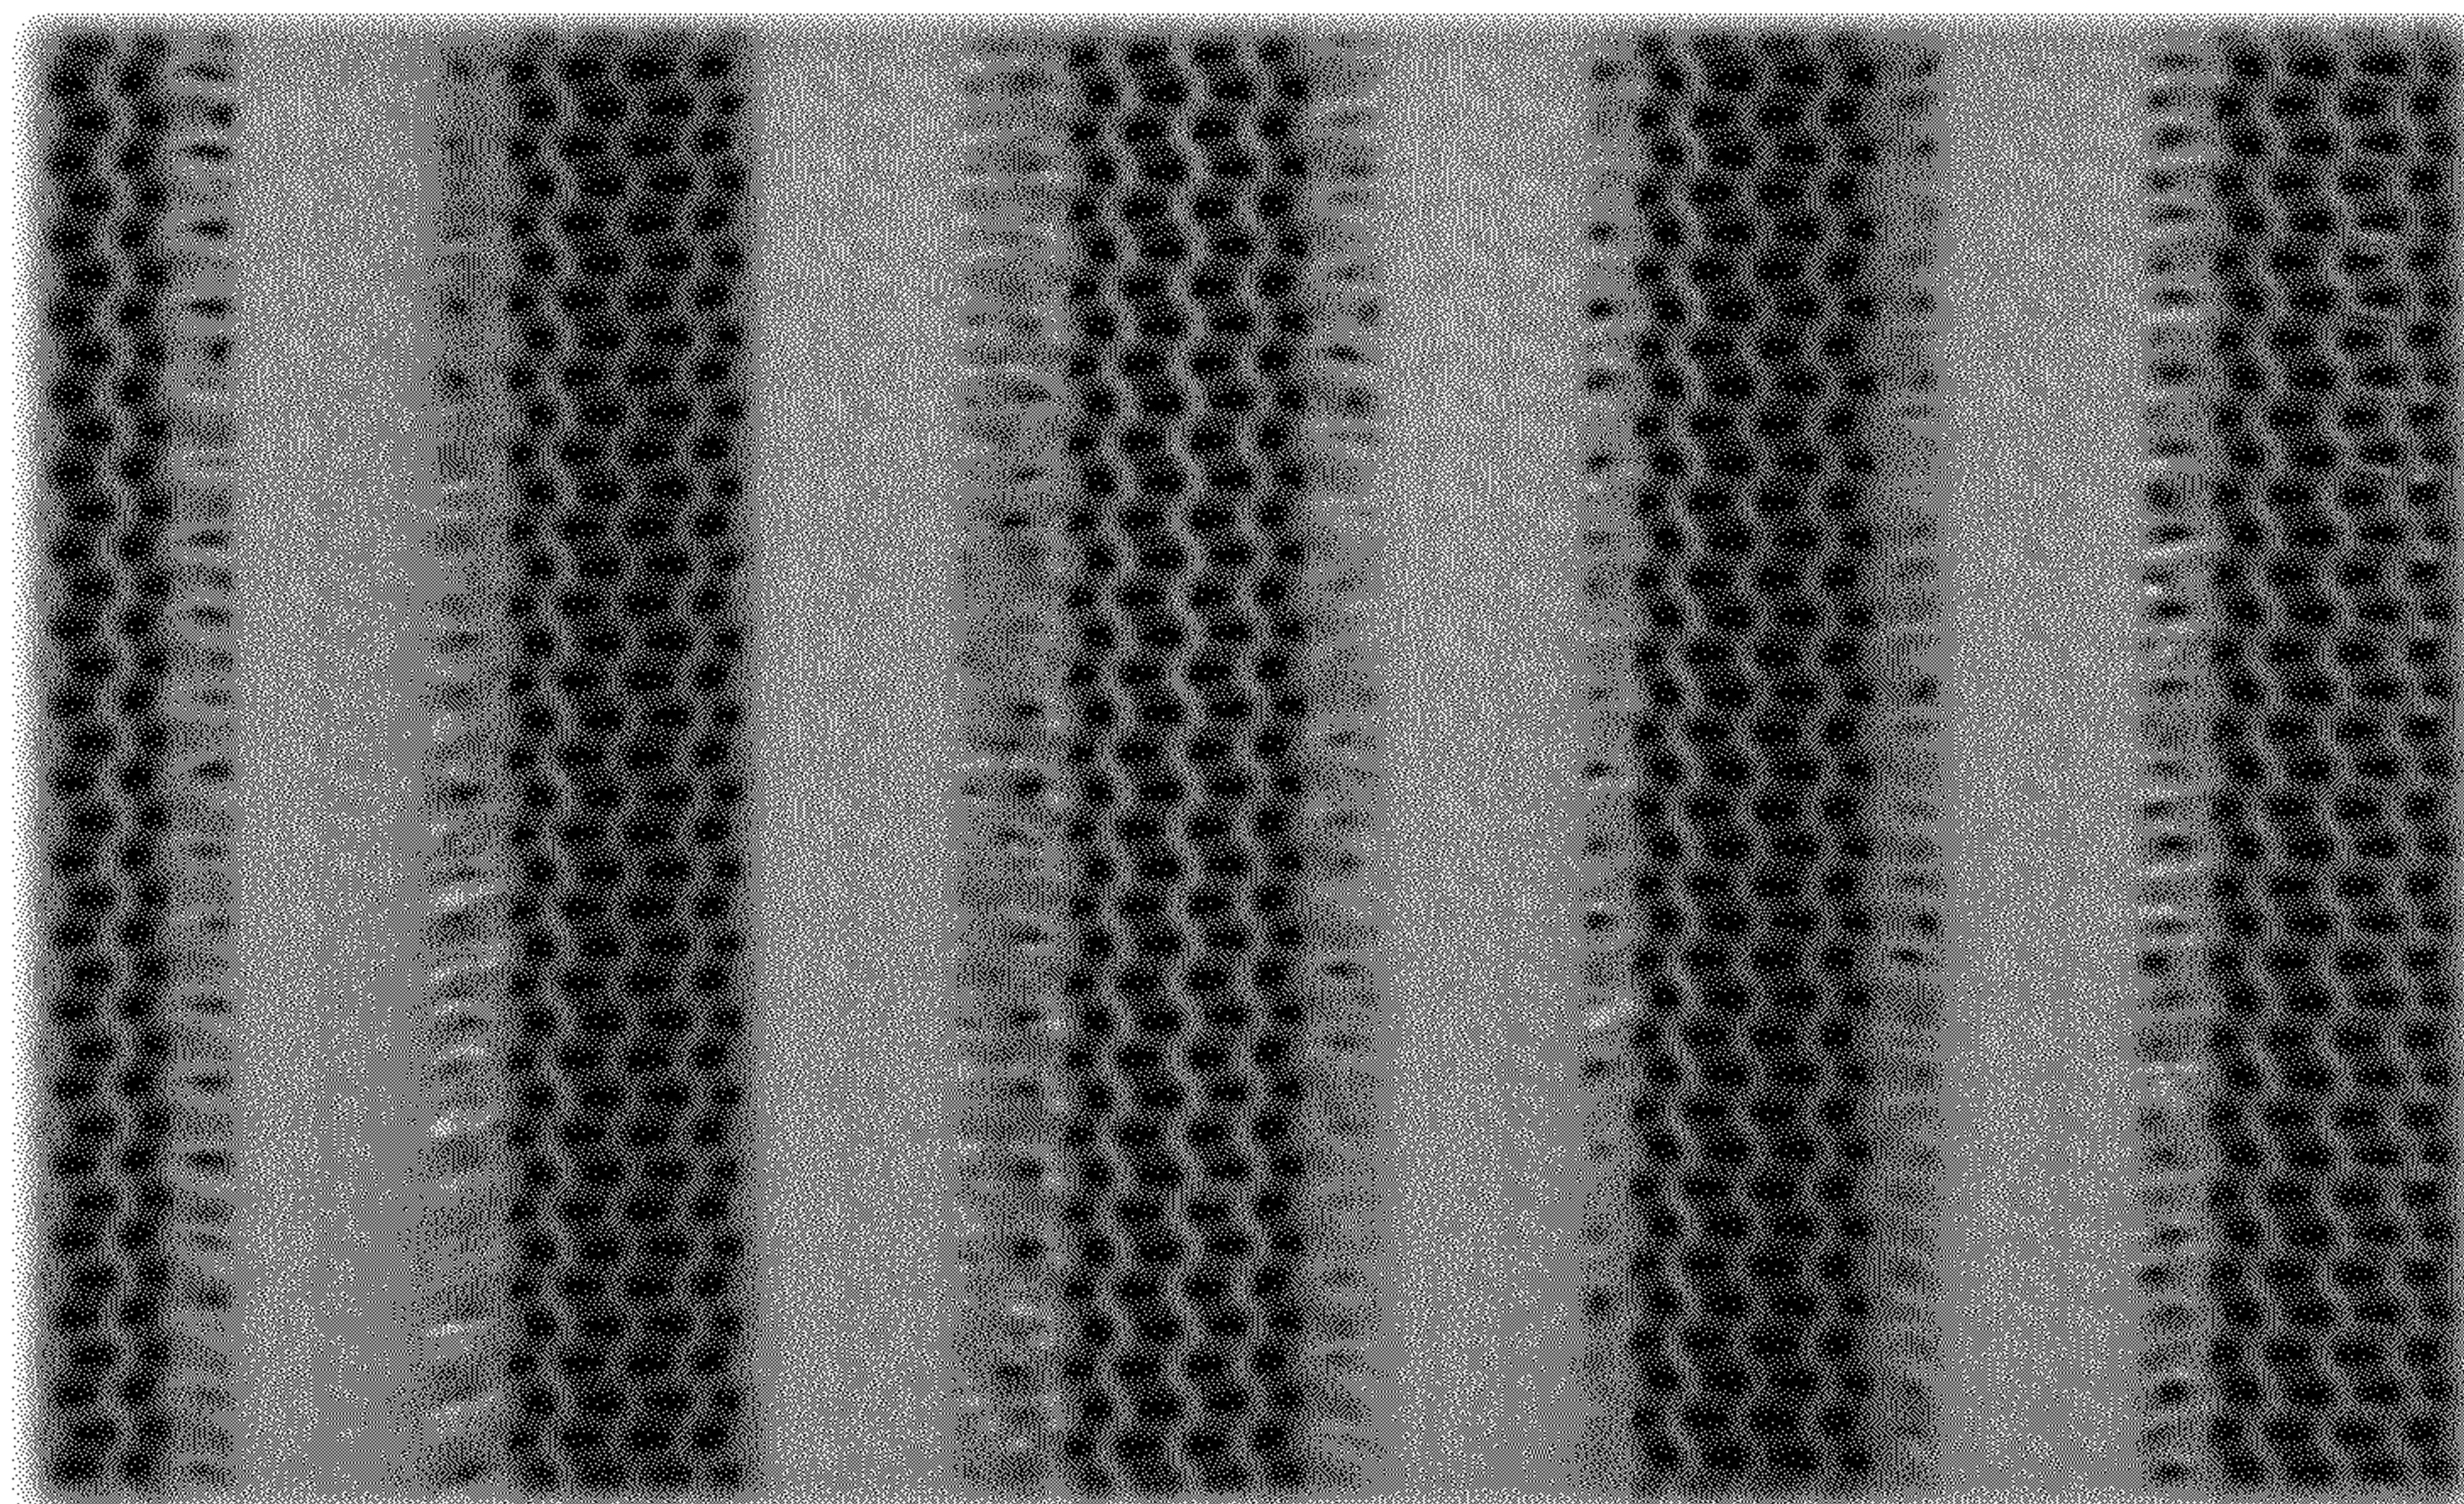

FIG. 3 is a slightly enlarged view of the reverse side of FIG.
1.

The depth of the industrial and medical textile underlying the
ridges forms no part of the claimed design.

The lightened parts of the industrial and medical textile
shown within the broken lines in FIG. 2 represent environ-
mental subject matter that forms no part of the claimed
design.

The broken lines circumscribing the environment of intended
use in FIG. 2 form no part of the claimed design.
